DISTRICT OF COLUMBIA
PUBLIC SCHOOLS

WHICH IS YOUR FEEDER PATTERN?

FIND IT AT DCPS

- DCPS offers exceptional programming from PreK3 through 12th grade for every student in the District of Columbia.
- Every student in DC has a right to attend a DCPS in-boundary school.
- A DCPS PK3 or PK4 seat is available for every student in DC.
- Every student can also choose to apply to great programming in out-of-boundary, citywide, and selective high schools.

FAQS

What is an in-boundary school?

A school that a student has the right to attend based on a student's home address.

What is an out-of-boundary school?

A school other than a student's in-boundary school or feeder pattern school.

What is a feeder pattern school?

A school that a student has the right to attend based on a student's current school. This assignment only happens during the years a student moves from elementary to middle school, or from middle school to high school, or from an education campus to high school.

What is a geographic feeder pattern?

A geographic feeder pattern, also known as a destination school, is a school that a student has a right to attend based on a student's home address.

What is a programmatic feeder pattern?

A programmatic feeder pattern provides the right for a student enrolled in a specalized school/program to enroll in the programmatic school with a specialized course of study as they transition into middle school or high school should the specialized program not be offered in the next school level in their geographic feeder pattern.

How does DCPS serve special education students?

DCPS provides full-time, academic programs for students with IEPs who require 20 or more hours of specialized instruction outside of general education. For more information about special education programs, please see the Special Education Programs and Resources Guide at **https://dcps.dc.gov/specialeducation**

ABOUT THIS GUIDE

This booklet defines the PK–12th grade options and pathways that DCPS offers students and families.

How do I use this guide?

Find	Find your neighborhood school: **http://dcatlas.dcgis.dc.gov/schools/**
Learn	Learn about programs at your school and in your feeder pattern: **profiles.dcps.dc.gov**
Visit	Get to know the schools in your feeder pattern. Many schools offer opportunities to visit: **dcps.dc.gov/openhouse**
Apply	Some schools require an application; apply via **myschooldc.org**
Read	Read the DCPS Enrollment and Lottery Handbook at **http://enrolldcps.dc.gov/node/66**
Enroll	Enrollment begins in April of each year. Learn how to enroll in DCPS at **EnrollDCPS.dc.gov**

PROGRAM OFFERINGS

AS **After School (as of SY18-19):** DC Public Schools (DCPS) afterschool programs allow students to participate in academic and extracurricular activities and to develop new hobbies and skills. DCPS teachers, paraprofessionals, and community-based organizations provide a variety of unique programming options to students. In School Year 2018-2019, there will be 54 Out of School Time Program (OSTP) sites. Schools that are not an OSTP site may still have programs for students after the instructional day.

AB **All Boys:** DCPS operates one all male school, Ron Brown College Preparatory High School. It provides a rigorous and comprehensive college preparatory curriculum that infuses culturally responsive teaching and social emotional instruction to ensure that all young men are prepared to successfully navigate their post high school pursuits.

AG **All Girls:** DCPS operates one all female PK3-8th grade school, Excel Academy. It provides girls and young women with rigorous and joyful learning experiences, creates a loving environment, and prepares students for future success in school and life. This school builds upon the district's support for female students. It is part of DCPS' Reign Initiative which aims to empower young women as leaders. This initiative focuses on leadership, empowerment, and identity to help young women thrive and succeed.

BC **Before Care:** DCPS teachers, paraprofessionals and community-based organizations provide a variety of programming and breakfast before the start of the instructional day. This list of schools that provide before care is current for SY17-18. Please check with your school directly to inquire about their before care offerings for SY18-19 and SY19-20.

CT **Career and Technical Education (CTE):** CTE programs are a three or four year course sequence for high school students, in addition to their core content classes, which includes preparation for industry-recognized certification exams and participation in work-based learning experiences. CTE programs also include internships, job shadowing, and industry field trips. The specific types of CTE programming vary at each high school from fields such as Engineering and Computer Sciences to Mass Media and Hospitality Management. Please contact your high school of choice to find specific details of their programs.

CW **Citywide:** A school that does not have a geographic boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across the District of Columbia must submit a My School DC lottery application to attend a citywide school.

DE **Dual Enrollment:** In collaboration with DC colleges and universities, DCPS offers its students the opportunity to maintain their high school status while enrolling part-time or full-time at participating colleges or universities. In addition to being able to take challenging college courses that are not offered at their home high school, DCPS students are given the opportunity to earn college credit that can be transferred to many postsecondary institutions. All DCPS students are eligible to apply to these programs.

DL **Dual Language:** DCPS operates dual language programs that offer instruction in English and Spanish. There are some schools that operate a dual language program within a comprehensive or traditional school model which is called a "strand" program. There are other schools that offer a "whole" school dual language program in which every student is enrolled.

EA **Early Action PK:** Guarantees access to in-boundary PK3 and PK4 programs for all families. A PK3 or PK4 student is guaranteed a seat at a designated DCPS "Early Action" school as long as they meet the following three conditions: 1. The Early Action school is the student's in-boundary school; and 2. The student submits a My School DC lottery application by the application deadline; and 3. The student is not matched with a school they rank higher than their Early Action school. The schools identified in this booklet as providing Early Action PK are current for SY18-19. The Early Action schools for SY19-20 will be determined in the fall of 2018.

EC **Early College:** Early College allows students to earn both a high school diploma and up to two years of college credit (or an Associate's degree) during their 4 years of high school. Early College programs are application based programs within the designated high school.

EW **Extended Day:** This is an extension of the traditional school day. An additional hour of instructional time is added at least four days per week after the end of the school day. During this time, teachers spend more time on instruction and students engage in more time on task, both of which have better outcomes for students. The schools in the booklet identified as providing extended day instruction are current for SY18-19. The cohort of extended day schools for SY19-20 will be determined in fall 2018. Schools that provide extended day for all grades is denoted by EW. Schools that provide extended day to select grades is denoted by EG. Please contact the school directly for further details on their extended day programs.

EG

EY **Extended Year:** Includes additional days of instruction, taking the academic school year from 180 to 190 days. With a goal of eliminating summer learning loss, extended year schools offer extra classroom time. Schools in this booklet identified as extended year schools are current for SY18-19. The extended year schools for SY19-20 will be determined during fall 2018.

PROGRAM OFFERINGS

GS **Global Studies:** Global education is a perspective and pedagogy available across grades, wards, and content areas. Global Studies works to prepare students as global citizens who investigate the world, recognize perspectives, communicate ideas, and take action.

IB **International Baccalaureate:** The DCPS International Baccalaureate (IB) school network provides a pathway to an internationally recognized diploma. For more than 35 years, the IB Program has developed a network of more than 3,700 schools in 145 countries. DCPS IB schools develop inquiring, knowledgeable, and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

JROTC **JROTC:** The Junior Reserve Officers' Training Corps (JROTC) is a service to our nation. This program provides Cadets with the motivation and skills to improve physical fitness, remain drug free, think critically and creatively, and to work as a team member. Cadets graduate from high school able to pursue meaningful careers especially in the areas of science, technology, engineering and mathematics.

MW MG **Montessori:** The goal of Montessori education is to foster a child's natural inclination to learn. Montessori teachers guide rather than instruct, linking each student with activities that meet her/his interests, needs, and developmental level. The classroom is designed to allow movement and collaboration, as it also promotes concentration and a sense of order. All DCPS Montessori programs are Association Montessori International (AMI) certified. MW represents a school that has a whole school Montessori program. MG represents a school that offers this in select grades.

OA **Opportunity Academy:** These are schools designed to help overaged and under-credited students get back on track, graduate, and become successful in college and career. They are diploma-granting high schools that offer robust programming designed to meet the needs of each student. To enroll, students may either be referred or selected to attend. Students further behind have priority placement.

SE **Schoolwide Enrichment Model (SEM):** SEM is a non-traditional approach to gifted education. Each middle grades SEM school has one full-time, professionally-trained enrichment resource teacher who facilitates a wide range of academic course offerings that falls largely outside of the core curriculum. SEM elementary schools have either a SEM resource teacher or a SEM committee who manage the enrichment opportunities for the students.

STEM **Science, Technology, Engineering and Math (STEM):** STEM integrates science, technology, engineering, and math so that each of these content areas is taught within other content areas and equally alongside literacy and composition. The goals of DCPS STEM integration are to improve student readiness for STEM majors and careers as well as prepare all students to be STEM literate citizens.

S **Selective High School:** DCPS has eight selective high schools and programs that admit students based on specific criteria or eligibility requirements. Students eligible to enroll in grades 9-12 can apply, but only students who meet a selective high school's or program's requirements will be considered eligible for admission. Learn more about DCPS selective high school admission criteria: ***http://www.myschooldc.org/how-apply/applying-selective-citywide-high-schools***

TA **Turnaround Arts Programming:** The national Turnaround Arts Initiative aims to turn around low-performing schools, narrow the achievement gap, and increase student engagement through the arts. Turnaround Arts DCPS schools receive intensive arts education resources and expertise, such as arts supplies, music instruments, and funding for partnerships with community arts education and cultural organizations, to address their individual needs.
