WHICH IS YOUR MIDDLE SCHOOL?

2020 FAMILY GUIDE TO DCPS MIDDLE SCHOOLS

ABOUT THIS GUIDE

What is this guide for?

Use this guide as a tool to learn about DCPS middle grade schools, the amazing programs offered, and how your student can enroll.

How do I use this guide?

- Find** Find your neighborhood school: enrolldcps.dc.gov/node/41
-
- Learn** Determine schools that are a great match for your student. DCPS middle schools offer exciting programs such as Dual Language, STEM, and more!
-
- Visit** Many schools offer open houses. Check them out at enrolldcps.dc.gov/node/16
-
- Apply** Some schools require an application. Learn more about the My School DC lottery application at www.myschooldc.org
-
- Read** Read the DCPS Enrollment and Lottery Policy Handbook to learn policies and procedures, and for answers to commonly asked enrollment questions at enrolldcps.dc.gov/node/66
-
- Enroll** Enrollment typically begins in April of each year. Visit EnrollDCPS.dc.gov for more information.

MY SCHOOL DC LOTTERY

The My School DC lottery gives families the opportunity to apply for available seats in early childhood programs for 3- and 4-year-olds, out-of-boundary DCPS schools in grades K-12, citywide schools, DCPS application high schools, and participating charter schools. A single, random lottery is run by My School DC to determine placement of new students at all participating schools. The Office of the State Superintendent of Education oversees the My School DC lottery in collaboration with DCPS, the Public Charter School Board, and participating charter schools.

To learn more about the lottery process, visit: www.myschooldc.org

KEY WORDS

Destination school (also feeder pattern school): A middle, high, or education campus school that a student has a right to attend based on the student completing the terminal grade at an elementary or middle school during the previous school year.

In-boundary school (also neighborhood or zoned school): A school that a student has the right to attend based on a student's home address. To identify your student's in-boundary school, visit enrolldcps.dc.gov/node/41

Out-of-boundary school: A school other than a student's in-boundary or feeder pattern school.

My School DC application: An online application families must use to apply for DCPS out-of-boundary schools (K-12), all DCPS preschool (PK3) and prekindergarten (PK4) programs, citywide schools, DCPS application high schools (9-12), and participating public charter schools.

My School DC common lottery: A single, random lottery that determines placement for students at all participating My School DC lottery schools.

Application high school and program: A DCPS high school or program that requires an application for entry into the school. There are two types of DCPS application high schools and programs.

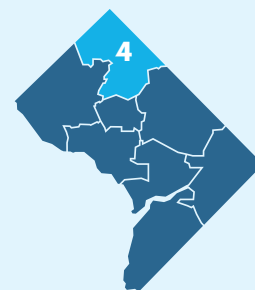

Citywide: A school that does not have a designated boundary and therefore cannot be claimed as an in-boundary/zoned school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. *Ron Brown is the only DCPS citywide application high school.*

Selective: A DCPS high school or program that admits students based on specific eligibility criteria and requires application for entry into the school. All students eligible to enroll in grades 9-12 can apply, but only those who meet a selective high school's or program's requirements will be eligible to attend.

BRIGHTWOOD

Grades: PK3-5, 8

"Students should come to Brightwood because the classes are excellent, and it's a very friendly environment. When you get to 8th grade, you get a lot of opportunities for trips and even more exciting classes." – Jack, Brightwood Alumnus

"The staff and faculty at Brightwood are very polite, warm, welcoming, and engaging individuals...the vibe and positive energy they give off makes me want to be involved in some of everything that goes on within the school, and not just things that involve my children. I hope that they continue to be the way they are in the future." – Parent

Why Brightwood Education Campus?

Brightwood Education Campus strives to foster an environment that builds a pathway to college and career readiness by inspiring scholars to become lifelong learners, creative problem solvers, critical thinkers, compassionate human beings, and responsible citizens. We are committed to providing a safe and supportive learning environment that promotes respect, integrity, and excellence in teaching and learning. We are fully committed to working with each scholar, each family, and the greater Brightwood community to ensure that all of our scholars reach their full potential.

BROOKLAND

Grades: 6-8

"I know I'm prepared for high school because of the support I receive from the school staff. I know if I need extra work, I can go to my teachers. I know once I go to high school I can always come back and talk to my old teachers." - Alyssa, Brookland Alumna

"Brookland Middle school is engaging to students, visitors and staff. Their diverse curriculum, opportunities and school activities on and off campus vicariously challenges and enriches students beyond their comfort zone. The grade leaders, teachers and admin staff listen to students and parents, are adept in their charge and serve as a catalyst in carrying out the school's mission of creating and encouraging students to be wise, honest, inquisitive, self-confident, self-directed, responsible, focused and well-rounded while preparing students for life and life-long learning. The principal, faculty and students encourage school and individual pride. Students are simply asked to do their best. The security officers perform their duties in a responsible, firm and respectful manner." - Parent

Why Brookland Middle School?

Brookland Middle School is an arts integration school which strives to create a school climate that is academically rigorous, positive, respectful, and safe at all times. We believe in creating an environment that is welcoming for all students, parents, and other stakeholders. Brookland students are exposed to an array of course offerings which include Visual Art, Music, Spanish, and Accelerated Math with a strong emphasis on Common Core instruction. Brookland's brand new state-of-the-art facility houses a rooftop outdoor learning classroom and a performing arts auditorium. We are confident that all students will have an equal opportunity to thrive academically, socially, behaviorally.

BROWNE

Grades: PK3-8

"One thing I like about Browne is the fact that they have so much technology and stuff that you can use. The teachers are good and there's a lot of sports, like basketball to play." - Paul, 3rd Grade

"I feel comfortable when I come into Browne because there's always someone standing in front saying 'good morning' to you; this makes me feel good. You may be feeling sad, but when you come in and they say hi, it lifts your spirits." - Parent

Why Browne Education Campus?

What sets Browne apart is our belief that Browne Bombers can accomplish any goal they commit to reaching. This belief in children is at the heart of everything that we do. We vehemently believe that every child needs and deserves a champion to push them toward greatness. Browne EC is also committed to a well-rounded education. We work to ensure that students have access to science, social studies, computer science, art, music, archery, technology, PE, choir, and debate. We understand that success in the 21st century requires more than reading, writing, and arithmetic. It is our desire to empower students to become the change that their communities require to thrive. To this end, at Browne we educate and inspire, teach and transform, every student every day.

What great courses can I take?

CAPITOL HILL MONTESSORI

Grades: PK3-8

"I really enjoy science because we get to do experiments. Recently, we took the DNA from a strawberry. We learned about DNA through note-taking and experimentation. We have a routine in our class, which shows us how we're supposed to act. This is good for us." - *Destiny, 8th Grade*

"I feel that CHM is such a special community because it is a school that cares about the individual child. Principal Adutwum is invested in ensuring that all of the students are exposed to a quality education on a daily basis. She has been intentional about connecting with my children and as a result, they admire and respect her." - *Parent*

Why Capitol Hill Montessori School @ Meyer?

Capitol Hill Montessori @ Meyer provides a stimulating learning environment where students are able to develop their critical thinking and problem-solving abilities through rigorous instruction and projects-based learning based on their interests in math, foreign languages, art, ELA, social studies and science. Students are afforded the opportunity to participate in external learning opportunities to further extend their knowledge through museum studies, theater arts, STEM and foreign travel. Our middle school students receive individualized academic, social and emotional support with the aim of each student achieving their personalized goals.

CARDOZO

Grades: 6-12

"Students love this school because we have City Year, extended days, and great extracurricular activities. We also have the TransSTEM Academy with Transportation as well as Science, Technology, Engineering, and Mathematics (STEM) programs. Other students should consider this school because it is a middle and high school, and it has an International Academy program. Our building is also awesome with a swimming pool, track, and field." – Franklin, 7th Grade

"I love and choose Cardozo EC for my child because of what Cardozo has to offer. What most people don't know is that they have a well-established TransStem program. He wants to study engineering and I have come to find out that the TransStem has been in place well over 20 years. The programming and course load it offers you only see mostly at application high schools. My son's grades needed a little help and did not afford him the chance to get accepted into an application school. Cardozo is a FREE PUBLIC SCHOOL that offers the same if not more. Plus the school is staffed and equipped to help him reach his full potential. As parents we want the best for our children and I feel that Cardozo is the best and meets my expectations! Cardozo is DC's best kept secret! Now it's time to let the secret out of the bag!!!" – Parent

Why Cardozo Education Campus?

As an education campus, Cardozo has the unique benefit of nurturing the development of adolescents and pre-teens as they enter 6th grade all the way into adulthood as graduating seniors. Thanks to the collaborative efforts of educators, parents and the surrounding community to create an atmosphere that engenders academic excellence through exceptional teaching and learning, Cardozo students enter a diverse global community with the skills necessary to excel and succeed. This is possible because of the examples and values that all Cardozo staff model for our students - Teamwork, Work Ethic, Integrity, Respect and Leadership.

CHEC MIDDLE SCHOOL

Grades: 6-8

"Lincoln gives me my own tablet and for the last two years, I have been doing special projects, assignments and homework using my own tablet. I love going on field trips, portfolio presentations and being on the soccer team. My teachers all know me and my family as well." – Kevin, 7th Grade

"Lincoln and CHEC cares about students and their families. Teachers are always contacting us about my daughter's progress, school events and other important things. They also provide a lot of opportunities for parents to come and attend school events. My daughter is also in the Middle School band and my family gets to attend her concerts at Kennedy Center and other places. We are extremely happy to be at CHEC." – Parent

Why CHEC Middle School?

Lincoln Multicultural Middle School @ CHEC is a unique, globally-themed, 6-8 dual language campus that blends rigorous instruction with personalized education, driven by technology, bilingualism and social justice. All students in middle school have their own tablets and/or laptops. On a daily basis, Lincoln MS students get to apply technology, research, and real-life experiences in their curriculum, which enables them to prepare for high school and college.

In 2019, Lincoln Multicultural School @ CHEC received a 4 Stars Rating. Only 30 DCPS Schools got 4+ Stars. Our Growth to Proficiency in both Math and ELA was amongst the highest in the District. Our daily attendance rate is 23% above the District average.

DEAL

Grades: 6-8

"From the moment you walk through the doors at Alice Deal Middle School, you are greeted by countless smiling students, teachers, and other faculty. If you attend Deal, you will find so many people who will support you and be willing to help you with whatever you need. Deal invites you to explore a range of different subjects and activities. Anyone can start a club at Deal, and anyone can join pre-existing clubs where students can meet classmates with similar interests. The best thing about Deal is the community of students. We also all try to embody our International Baccalaureate character traits: knowledgeable, inquirers, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective. Overall, Alice Deal is an amazing school with limitless opportunities." – *Olivia, Deal Alumna*

"Alice Deal Middle School is one of the most diverse schools in Washington, DC and that is what makes it so great. But it's not just diversity in demographics. Deal's IB curriculum encourages independent thinking and academic exploration at every level of achievement. Deal's excellent teaching staff motivates students to not only succeed academically, but also helps them understand how to manage their time and pick up learning habits that will serve them well throughout their lives..." – *Parent*

Why Alice Deal Middle School?

Alice Deal Middle School inspires excellence, curiosity, and compassion through intellectual and social engagement. Deal has a wealth of curricular and extracurricular options, including Spanish, French, and Mandarin Chinese World Language options. Deal's greatest asset is its diverse student population of nearly 1,500 students. The team-based structure creates a communal environment where students find numerous opportunities to master complex material and develop 21st century skills in a nurturing atmosphere.

ELIOT-HINE

Grades: 6-8

"I like Eliot-Hine because there are good teachers and good programs. I am learning without becoming stressed or overwhelmed. My favorite class is Radio Broadcast because I get to learn how to use the equipment and interview guests, and I am not forced to step outside of my comfort zone." - *Malia, 8th Grade*

"Although we have the option to choose a school out of bounds, there's something special about our daughter attending our neighborhood school at Eliot-Hine Middle School. We love the small community; she's worked with passionate teachers that have helped her work through some weaknesses and become stronger in other areas, and she loves the broadcasting program. Since attending Eliot-Hine, she's become more attentive, works hard to get good grades, is finding her voice and enjoys the friendships she's creating with classmates near her home." - *Parent*

Why Eliot-Hine Middle School?

Eliot-Hine is an International Baccalaureate School rooted in our core values of excellence, responsibility, integrity, and community. Our goal is to develop inquisitive, international-minded learners who think globally and act compassionately. We offer rigorous academic and social-emotional instruction, as well as opportunities to apply this learning in real-world scenarios. In addition to a variety of other extracurricular activities, the Eliot-Hine Network is the only radio broadcast media program run by middle school students in the city.

EXCEL ACADEMY

Grades: PK3-8

"I have been here since PK3, and I love the small class sizes. I love the fact that I get more attention from our teachers and am able to learn faster. Because this school is all girls and mostly female teachers, I feel comfortable talking to my teachers about anything."
- Jade, 4th Grade

"Our school is building a foundation that empowers our daughters academically, socially and emotionally." - Parent

Why Excel Academy?

Excel Academy offers a unique, single-sex educational model for girls in preschool through 8th grade in the District of Columbia. The curriculum focuses on building student achievement in literacy, mathematics, science, technology, world languages, and performing and visual arts, while strengthening the scholars' self-esteem, which empowers them to make positive ethical choices. The school provides a myriad of opportunities to develop the young ladies academically, socially, and emotionally in order to prepare them to be productive competitors in the 21st century.

HARDY

Grades: 6-8

"I really like the Hardy community. I like the sense of extended family, the electives, and class options." – Katrina, 8th Grade

Why Hardy Middle School?

Hardy is one of the most diverse schools in DC. Hardy allows for all students to be truly known, while offering a wide array of accelerated classes, honors courses, and diverse electives. Our mission is to unite our diverse students, staff, families, and global community by fostering kindness, curiosity, character and academic excellence in order to prepare each individual student to be a lifelong learner and socially conscious leader.

HART

Grades: 6-8

"I'm a member of Hart Middle School's Student Tech Team. It's been an amazing experience! It's also a great way to make new friends. My teammates and I help other students figure out how to do things on their tablets. Last year we went to my old elementary school and showed those students some of the cool ways we use technology at my school. Being on the Tech Team is definitely one of the things I like most about Hart." – *Semaj, 8th Grade*

"I want to relay that my son Langston Hughes is thriving at Hart Middle school. I was reluctant but with the help of Ms. Sherry Dailey, I quickly changed my mind. Her dedication and sincere concern to ensuring the best for the kids is so evident. I appreciate how she takes matters into her own hands to make a difference. Ms. Dailey and the staff at Hart are showing up every day and helping our kids show out. I'm in their corner for all of it and they have my full support!" – *Parent*

Why Charles Hart Middle School?

Each and every day at Charles Hart Middle School, we are committed to leading change, challenging minds, and transforming lives. We are also committed to developing and maintaining a productive partnership with our parents, partners, and other stakeholders to ensure our students can achieve their highest potential. We are committed to preparing students for High School, College, and Beyond!

IDA B. WELLS

Grades: 6th

"When I go to 6th grade, I'm excited to try new sports and classes I've never tried before. I am excited to see all the kids from different schools come together to make one amazing school." – *Chiagoziem, 6th Grade*

"Ida B. Wells Middle School is an amazing school for all the students here. They have so many things going on for the students to do to enhance their knowledge. Overall, Ida B. Wells Middle School is great in many ways." – *Parent*

Why Ida B. Wells Middle School?

Ida B. Wells Middle School is a social justice schoolwide enrichment model (SEM) school that prioritizes providing a well-balanced, rigorous, and loving learning environment for students while also engaging and developing our students as change agents for our community. Established in 2019, with a founding cohort of 6th grade students, we will grow our school community by a grade each year and will be a 6th-8th grade middle school in school year 2021-2022. We partner with families, as our students' first and forever teachers and value relationships as the foundation of our school community. We strive to design experiences and opportunities that are rooted in emerging research about adolescent brain development so that students receive the right amount of support to help them thrive in middle school and beyond.

What great courses can I take?

- Accelerated Math
- Art
- Band
- English (Pre-AP)
- Enrichment Clusters
- Health and Physical Education
- Music
- Spanish

What programs will help me find my passion?

- College and Career Exploration opportunities
- College Tours
- Job Shadowing (8th Grade)
- Learning opportunities aligned to Health Science and Mass Media
- Social Action Enrichment Clusters (Interest-based)
- Study Abroad (8th Grade)

What extracurricular activities can I join?

Extracurricular activities will be informed by current 5th grade students at the surrounding education campuses. Their current top choices include:

- Basketball
- Cheerleading
- Cross Country
- Dance
- DC Scores
- Football
- Robotics
- Soccer
- Washington Urban Debate League

Coolidge HS

JEFFERSON

Grades: 6-8

"What makes Jefferson special are the rigorous academics, the extracurricular activities, and the exceptional staff. Jefferson is your second family, and the teachers will give you as much love as you need to be successful." - *Jamal, 8th Grade*

"One important component I've learned since my child has been a part of the DCPS family has been: 'great leadership and family engagement will promote a healthy school culture and environment'. We are receiving just that at Jefferson Academy Middle under the direction of Principal Greg Dohmann. An environment where teachers are teaching and students are learning, gathering skills that will assist them onto their high school endeavors. The staff at Jefferson is excellent. They are friendly, engaging, and always go that extra mile to ensure our students are grasping much needed concepts in each of their core subjects..." - *Parent*

Why Jefferson Middle School Academy?

Jefferson Academy nurtures the academic, social, and emotional needs of every child through rigorous, interdisciplinary, developmentally appropriate curriculum, and positive, collaborative relationships with all members of our JA family. We provide a learning community that promotes self-motivated, inquisitive Trojans who actively contribute to the intercultural world in which they live. Jefferson has two BHAGs (Big Hairy Audacious Goals) as a school:

1. We will be the highest-achieving middle school in DC for all students!
2. All members of the JA community will love school!

JOHNSON

Grades: 6-8

"I enjoy being at Johnson because of the focus on academic goals and all the activities offered. I like that we get to see our academic progress every two weeks and that we have things such as a girls lunch every week. I also like that the staff and Principal are always checking in on all of the students." - Princess-Ann, 7th Grade

”

Why John Hayden Johnson Middle School?

John Hayden Johnson Middle School is committed to academic excellence. We believe that our school should provide each student with the opportunity to develop to his or her greatest potential academically, socially, and physically in order to contribute to society. We will strive to offer each student the opportunity to function creatively within his or her environment and to participate in the democratic process in our nation. The vision of Johnson is to serve as a beacon of learning for children and the community, while also attracting students and parents from all over Washington, DC. The school will maintain a strong academic program and provide a safe and supportive culture, with a focus on the power of technology. The mission of Johnson is to provide high quality, targeted instruction to all students, based on the individual needs of learners; offer an academic program that will focus on critical reading, writing, and thinking skills while leveraging the power of technology to enhance student's learning and lives; and create an environment where families and community members are welcome to collaborate in the education and development of all our children.

"I like Kramer because I can keep going to school with my friends."
- *Xiavonte, 6th Grade*

"I love that his ELA teacher calls me regardless of good or bad to tell me about my son's progress and behavior in her class." - *Parent*

Why Kramer Middle School?

Our mission at Kramer Middle School is for each community member (teachers, staff, community members, parents, and students) to demonstrate a strong character embodying resilience, perseverance, and ethics in the pursuit of excellence. The community collectively uses quantitative data in 100% of our decision-making process to support the development of our scholars into critical thinkers, effective communicators, entrepreneurs, consumers, and positive community members. Our community will promote positive habits that support our scholars in building their academic competencies as well as their development of sound physical, emotional, and mental health. All scholars who are promoted from our entrepreneurial and high school preparatory campus will be equipped with the skills necessary to succeed as leaders of socioeconomic and environmental change within our community and beyond. Our vision is that the whole community actively embraces education as the key to everyone's success.

"I love LaSalle-Backus because the teachers challenge you to be the best you can, no matter what. The teachers make you feel like you are a part of the family. LaSalle has great students and lots of opportunities for us, such as field trips, sports and Field Day." – Kevin, 8th grade

"I appreciate how the teachers keep me updated on positive or negative behavior and school work; I truly feel like we are a team." – Parent

Why LaSalle-Backus Education Campus?

LaSalle-Backus Education Campus provides a rigorous academic program that continues to provide students with an intimate and engaging learning environment. Our middle school program incorporates a small group learning model so teachers can provide a personalized learning experience for all students. LaSalle is committed to using innovative practices to ignite curiosity, to foster a collaborative spirit for learning, and to teach 21st century skills, preparing every student to be successful in the global community. LaSalle is also committed to engaging all stakeholders to ensure every scholar reaches their full potential, academically and socially. All stakeholders at LaSalle-Backus believe that together we can and will achieve any goal laid before us.

"I have been at MacFarland since 6th grade and it has been an amazing journey. I am sad to leave for high school, but I feel that I am prepared to go into this new journey and make the best of it." – Juliana, 8th Grade

"La escuela MacFarland es bella. Con las renovaciones, la escuela es enorme y a mi hija le encanta. Hay muchas oportunidades para ella y estoy alegre de lo que haya para el nuevo año" – Parent

Why MacFarland Middle School?

At MacFarland Middle School our goal is to develop our students' abilities to tackle problems, develop solutions, and learn from mistakes in productive ways that help our students to develop perseverance and 'grit'. We push students to do these things both in the academic and social settings so that they will be prepared for the academic and social challenges that await them in high school and beyond. This is accomplished through rigorous classes as well as our focus on social-emotional interactions via our advisory programs. MacFarland has a dual-language program that helps students to continue their literacy and language in full-time Spanish and English classes. Students have the chance to continue their bilingual education and better prepare to receive the DC Seal of Bilingualism upon graduation from high school. Furthermore, our school-wide Global Studies focus pushes students to develop understanding and empathy for other nationalities, belief systems, and cultures around the world.

MCKINLEY

Grades: 6-8

"McKinley Middle is a good school for students who want to learn, have fun, and challenge themselves. Engineering is a fun class because you get to build things - in my class I just built a robot! We not only learn while doing and creating, we also have stellar behavior! You can earn gator gold points and purchase items in the school store once a month like candy, earphones, doughnuts, gift cards, and a lot more! Students also get rewarded by the staff and administration with opportunities to attend field trips, PBIS activities (which are free time events), and clubs. These are the reasons I love the school and there are plenty more. This is a great school, and I'm hoping you are considering McKinley Middle School." - Amari, McKinley Alumna

"As a parent of a rising 8th-grade scholar at McKinley Middle School, I am happy to say that I really appreciate the STEM program and how they use technology with an intentional purpose. Especially how the project-based learning method gives students content and skills that they can actively apply in future life events and situations. The teachers enhance student learning by encouraging critical thinking, problem solving, team-work, and self-management. Scholars are driven to make their own decisions, perform their own research, and review their projects giving them opportunity to improve their public speaking and presentation skills. I am pleased that the STEM program at McKinley Middle School facilitates student development both intellectually as well as emotionally." - Parent

Why McKinley Middle School?

The vision of McKinley Middle School is to foster a caring and intellectually stimulating Science, Technology, Engineering, Mathematics (STEM) environment where scholars are prepared to become lifelong learners understanding that discipline, intellectual curiosity, self-advocacy, empathy, and leadership are pillars of success and advancement. Our mission is that we believe a high-quality educational experience, in which the academic, physical, social, and emotional needs of students are met, is key to creating lifelong learners and productive members of society. The staff of McKinley Middle School is committed to ensuring that all students, as they work toward positive and rewarding goals, will be provided the necessary supports to succeed in this rigorous STEM-focused learning environment. Our school motto is "Student Centered and STEM Focused" and our theme is "Together We Can! Together We Will!"

OYSTER-ADAMS

Grades: PK4-8

"I like that you get a chance to be who you want to be at Oyster-Adams."
- David, 6th Grade

"I am grateful that OA dual language immersion continues through 8th grade. And its small size has eased our transition into the unknowns of teen-hood." - Parent

Why Oyster-Adams Bilingual School?

As a highly-effective, dual language school for over 45 years, we believe that all children are born and wired with the curiosity and ability to learn multiple languages. At Oyster-Adams we believe that ALL students regardless of race, class, gender or circumstance can achieve bilingually at high levels. The main mission of our school is to foster confident students who are bilingual and bi-literate in at least two languages. Moreover, we want to help them know themselves and become globally aware people who know what they want to achieve. We want students to be able to explain how they will use languages to achieve change in their world. All OA students strive to live our community actions daily: Act with Integrity, Live Graciously, Lead by Example, Think Globally. We are one of the most diverse schools in the city, and with that comes opportunities and challenges. We work hard, and smart, and raise the level of expectations every day!

SCHOOL WITHOUT WALLS @ FRANCIS-STEVENSON

Grades: PK3-8

"The one thing I enjoy about being at School Without Walls @ Francis-Stevens is that they treat you like a family. I feel safe and feel everyone is equal. I also enjoy the opportunities we get and the learning in our classes. Another thing I like is having fun and making memories with my teachers and friends." -Skylar, 8th Grade

"The SWWFS Middle School Administration Team and Teaching Staff are beyond incredible! They're constantly challenging my child to push herself further and achieve the goals she sets. The team is encouraging and extremely helpful in guiding the students on their transition from childhood to adolescence. The curriculum, coupled with extended learning outside of the classroom, create well-rounded global citizens. The tireless dedication, warmth, and personal attention that each staff member puts in to the students' academic success make the entire MS experience enjoyable! I'm confident that the lessons and positive experiences my child has at SWWFS MS will propel her into the future." - Parent

”

Why School Without Walls @ Francis-Stevens?

School Without Walls @ Francis-Stevens believes "Everyone is a Learner, and Every Experience is a Learning Opportunity." Parents are welcome participants/partners in their children's education. Our middle school program is strategically designed to provide students with multiple learning experiences geared toward supporting the academic and social-emotional development of each scholar. Students benefit from amazing programs such as the Embassy Adoption Program, GW Street Law, DC Global Education, Kennedy Center resident artists, and Washington Performing artists, both in our classrooms and off campus. We are fortunate to be one of the only schools in the district to serve students across all eight Wards, creating a true sense of diversity amongst our school population between, race, culture, gender and class.

What great courses can I take?

- Algebra
- Art
- FoodPrints
- Geometry (taken at the SWWHS campus)
- Health
- Latin
- Library
- Music
- Physical Education
- Pre AP English
- Theater Arts

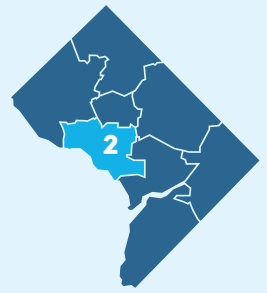

What programs will help me find my passion?

- Annual Trip to Terrapin Adventures
- A-Step Enrichment
- Coding
- Dance
- Everybody Wins Program
- FoodPrints
- G.W. Street Law
- International Field Trips
- Latin
- Library of Congress
- One Common Unity
- Redskins FITT
- Robotics
- Sustainability Club
- STEM
- Theater Arts
- Young Readers Program at the Library of Congress

What extracurricular activities can I join?

- Academic Coach Classes
- A-Step Enrichment
- Bowling
- Boys and Girls Basketball
- Code4Life
- Coed Football
- Coed Lacrosse
- Cross Country
- GW Street Law
- Mentoring Clubs
- Model UN
- National Junior Honor Society
- Shakespeare Club
- SPA-Student Performing Artist
- Spelling Bee Club
- Sustainability Club
- Squash
- STEM Club
- Track and Field
- Yearbook

SOUSA

Grades: 6-8

"I left a private school in DC to join DC Public Schools as a Sousa Cobra. I wasn't sure what that meant at first, to be a Cobra, but it didn't take long to realize that Sousa is a place for me to become successful and on the honor roll, as well as an empowered young black girl where I have the space to explore my talents and my voice." – Jade, 8th Grade

"I love the family environment at Sousa. I have many connections with teachers and administrators at Sousa, and know that I can call them at anytime with questions or concerns. My child and I feel very supported at all times academically, socially and emotionally. I also love the different clubs and athletic activities that my child can participate in." – Parent

”

Why Sousa Middle School?

At John Philip Sousa Middle School, excellence is the standard! Our goal is to help our students become change agents in their communities and the world at large. We set extremely high expectations for our students and utilize technology to enrich our strong academic programs. We offer a variety of classes that push students to become productive citizens, and leaders in the quest for social justice. Additionally, we provide resources that promote social growth and character development. Through critical thinking, inquiry, creativity and appreciation of the arts, Sousa Scholars are able to connect to themselves, each other, all cultures, and the beauty of the world. The arts, including dance/ movement, theater/ drama, music, and visual arts are integrated into the curriculum of all grades and classes.

STUART-HOBSON

Grades: 6-8

"At Stuart-Hobson, we are always participating in fun and interesting activities that broaden how I think about the world. I frequently get a chance to try new and interesting things. For example, I've spent time after school learning how to cook, and I also had a chance to dance in our production of the *Lion King*. Our classes are challenging, but also interesting. There is never a dull moment, and even when it gets difficult, our teachers go above and beyond to assist us. It feels like everyone here wants to see us succeed." - *Tori, Stuart-Hobson Alumna*

"Stuart-Hobson is a safe and supportive place where my child can thrive and shine while growing and learning to be contributing citizens in an ever-changing world."
- *Parent*

Why Stuart-Hobson Middle School?

Stuart-Hobson Middle School uniquely provides all students with access to the most challenging and rigorous courses that a middle school can offer, a wide-range of elective courses, and afterschool activities. We believe in challenging students to reach their full potential, while also giving students the opportunity to select from a huge assortment of high-interest electives, clubs, and sports. Each day begins with a daily advisory course, where students build camaraderie with their teachers and peers, while engaging in thoughtful conversation and lessons about social-emotional learning.

What great courses can I take?

- Accelerated Math 6

"Takoma is like a second home for me. Takoma is my family! I've had unforgettable moments at Takoma that prepared me for the real world outside of school. At Takoma, I was taught to never give up on what I believe in, and to follow my dreams and now I will graduate in 2018 on my way to high school." - *Jamia, Takoma EC Alumna*

"Takoma EC is an amazing, culturally diverse school that offers a unique arts-integrated learning strategy to their students. More importantly, it is a school that works to build a strong community, and teaches its students compassion, kindness, and empathy. Both of my daughters attend this school and are growing tremendously both academically and in social-emotional learning." - *Parent*

Why Takoma Education Campus?

Takoma's 8th grade is an inclusive, tight-knit middle school community dedicated to making sure every student thrives. Our mission is to foster the development of confident, happy, healthy, and successful children who leave Takoma prepared with strong academic and social skills to excel in high school, college, and their future careers. How do we do that? Well, our arts-integrated philosophy of teaching and learning builds on our students' diversity and strengths to develop their talents across disciplines, to guide them in making inspiring real-world connections, and to honor their voice in their many forms.

WALKER-JONES

Grades: PK3-8

"My experiences and the things I learned here at Walker-Jones can be applied anywhere. The teachers are helping to prepare us for, as they say all the time, 'the real world'. Mentally, I am prepared for the real world as long as I apply myself and what I've learned to something every day. Socially, I am prepared to understand other people, because we learn how to respect both ourselves and others. Emotionally, I am prepared because I'm learning to embrace different emotions through communication. I feel equipped, as I learn something new every day at my school." – Kannyiah, 8th Grade

"This school has been so supportive. So much so, that I transferred all my other kids to Walker Jones! We love this school!" – Parent

Why Walker-Jones Education Campus?

At Walker Jones, reading is everything. We are a strong literacy-based education campus that is committed to creating young readers and challenging students at every level. We are supported by Literacy Lab, Citiyear, Leading Men, Kindred and a host of community partners. We BELIEVE that all children should have an equal opportunity to thrive and we are fully committed to working with the entire Walker Jones community to make this a reality.

"I like Wheatley because the teachers really care about the students. They are always teaching us and doing things for us. We have great field trips and lots of things for kids to do, like art club and drumline." – *Cameron, 6th grade*

"Wheatley is such a great place for my son to learn and grow. He's made a lot of progress in math. I especially appreciate the individual attention—he gets all the support he needs, both in and out of class." – *Parent*

Why Wheatley Education Campus?

Wheatley wants to be the choice school option for every family in Trinidad in Northeast DC. We believe that every student deserves an excellent education, and that every student can achieve. We strive for excellence in all that we do!

WHITTIER

Grades: PK3-5, 8

"Whittier Education Campus is one big family. Every morning when I walk into the building I feel welcomed. Whittier provides a feeling of safety. Every class that I take is enjoyable and provides a memorable educational experience." – Kimberly, 8th Grade

"My son attends Whittier Education Campus. He loves all the teachers he has had, and it improves on his social skills enormously. He is courteous and respectful and more assertive. He used to be shy around adults and other children, but not anymore. I am so happy to see the positive changes he has exhibited at Whittier Education Campus. I know he will continue to advance in his education and etiquette while attending this school." – Parent

Why Whittier Education Campus?

As a PK3-8 Education Campus, Whittier focuses on rigorous instruction that is inclusive of active learning strategies, differentiated instruction, excellence in technology instruction, hands-on experiences, and authentic assessments. Advancements in the fields of Science, Technology, Engineering, and Mathematics (STEM) have radically changed the way we function. In order to adapt to the fast-changing technology in our world and be leaders in using, creating, and developing the next line of advancements—in any field or career—our students need exposure to and adequate training in the STEM field. Our STEM school designs lessons and a school culture to promote STEM issues and skills. Students and teachers are engaged and motivated, and they work together as fellow-adventurers to explore while they learn. By sixth grade, every student should have access to a combination of hands-on lessons, rich exposure to technology and an interdisciplinary approach to the curriculum that helps prepare students for further education and a broad range of careers. Our extended learning activities will expand upon and enrich the educational process of all of our students. With our highly-qualified teachers and dedicated staff, Whittier Education Campus will continue to provide an instructional program that will be the foundation that supports the social, academic, and emotional development of all students. Together, we will celebrate success while expecting greatness as we strive to become a model school of excellence that prepares children to succeed in a changing world.
