2025-2026 FAMILY GUIDE TO DCPS HIGH SCHOOLS

ABOUT THIS GUIDE

What is the purpose of this guide?

Use this guide as a tool to learn about DCPS high schools, the amazing programs offered, and how your student can enroll.

How do I use this guide?

Find Find your neighborhood school at enrolldcps.dc.gov/node/41.

Learn Determine schools that are a great match for your student. DCPS high schools offer exciting programs such as Dual Language, Early College Programs, STEM, AP courses, and more!

Visit Many schools offer open houses. Check them out at enrolldcps.dc.gov/node/16.

Read Read the DCPS Enrollment and Lottery Handbook to learn policies and procedures, and for answers to commonly asked enrollment questions at enrolldcps.dc.gov/node/66.

Apply Some schools require an application. Learn more about the My School DC lottery application at myschooldc.org.

Enroll Enrollment typically begins in April of each year. Visit EnrollDCPS.dc.gov for more information.

Plan Review the Career Education Pathways available at each DCPS high school on [pages 26 and 27](#) of this guide.

Graduate DCPS strives to empower our students on their path to graduation with the tools they need to be successful by creating policies that are supportive, inclusive, and equitable. Learn about our graduation policy at dcps.dc.gov/prektograduation.

LOTTERY AND KEY DATES

My School DC, in partnership with DCPS and the majority of DC public charter schools, makes it easier for students and families to apply to their public school options. Families use the My School DC application to apply to PK3 and PK4 programs at all public schools (DCPS or charter), out-of-boundary and citywide DCPS schools (PK3 - Grade 12), DCPS selective high schools and programs (Grades 9 - 12), and participating public charter schools (PK3 - Grade 12). Placement for new students at participating schools is determined by a single, random lottery. My School DC is a program within the Office of the State Superintendent of Education (OSSE).

To learn more about the lottery process, visit: myschooldc.org

To review key lottery and enrollment dates, please visit: enrolldcps.dc.gov/keydates

KEY WORDS

Application High School and Program: A DCPS high school or program that requires an application for entry into the school. There are two types of DCPS application high schools and programs.

- **Citywide School:** A school that does not have a designated boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across the District of Columbia must submit a My School DC lottery application to attend a citywide school. Students are not eligible to receive proximity preference at citywide schools. Ron Brown is the only DCPS citywide application high school.
- **Selective High School and Program:** A DCPS high school or program that admits students based on specific eligibility criteria and requires application for entry into the school. All students eligible to enroll in grades 9-12 can apply, but only those who meet a selective high school's or program's requirements will be eligible to attend. DCPS selective high schools and programs have no boundaries and admit students based on specific criteria. Students applying to one or more DCPS selective high schools or programs must complete an additional section of the My School DC application. The additional section is different for each school or program because each school or program has its own requirements. DCPS has eight selective high schools and programs: Banneker, Bard DC, Columbia Heights Education Campus, Duke Ellington, Early College Academy at Coolidge High School, McKinley Tech, Phelps ACE, and School Without Walls.

DCPS Design Lab: The Design Lab is an Innovation Hub providing forward-thinking school communities with the network, resources, and support they need to boldly reimagine their schools. This support ranges from individual innovation pilots for specific programs to whole-school Redesign. Through a partnership with the XQ Institute, the DCPS Design Lab is also supporting community-driven design initiatives specifically for DCPS high schools.

Destination School (Feeder Pattern School): A school that a student has the right to attend based on completion of the terminal grade of a student's current school. This assignment only happens during the years a student moves from elementary to middle school, or from middle school to high school, or from an education campus to high school.

In-Boundary School (Neighborhood School or Zoned School): A school that a student has the right to attend based on a student's home address. To identify your student's in-boundary school, visit enrolldcps.dc.gov/node/41.

My School DC Application: An online application that families must use to apply for all DCPS preschool (PK3) and prekindergarten (PK4) programs, including at their DCPS in-boundary school; DCPS out-of-boundary schools (PK3-12); DCPS dual language strand programs at any DCPS school (PK3-5); DCPS citywide schools (PK3-12); and DCPS selective high schools and programs (9-12).

My School DC Lottery: A single, random lottery that determines placement for new students at all participating My School DC lottery schools.

NAF College & Career Academy: NAF Academies are the primary school-based program structure in which DCPS implements Career and Technical Education (CTE) at the high school level. NAF Academies offer strong student and teacher support structures, continuous development of college and industry partnerships, career-focused internships, and rigorous curricula that culminates in industry-recognized certifications.

Out-of-Boundary School: A school other than a student's in-boundary school.

ANACOSTIA

“Greatness is not derived from a school’s name or reputation. It’s the students, staff, and community that make Anacostia High School great, day in and day out.”
— Kadeem, Class of 2019

Why Anacostia High School?

At Anacostia Senior High School, we are proud to be the heartbeat of Southeast, Washington, DC. Our vision is to equip and empower all students with the social, emotional, and cognitive skills they need to dismantle oppressive systems and thrive in their local and global communities. We know learning happens best when it is connected to the world outside of school. Thus, we are a Project-Based Learning (PBL) school, partnered with New Tech Network and a National Academy Foundation (NAF) school. Our students begin their career academies starting in 9th grade. Through PBL and NAF career academies, our students will learn 21st century technological and employability skills and engage in authentic learning experiences. Partnerships with families are critical to student success. Thus, every incoming 9th grader will have a Dream Team Captain who works directly with the student and their family to help them successfully navigate high school. Our Connected Schools Manager is also available to provide additional support to students and families. We prepare students to dismantle systems of inequity through nurturing, challenging, relevant, and joyful learning experiences. We aim to empower students to be self-aware, critical thinkers who are stewards of the community and who positively influence the world. Anacostia is proud to serve every student, every day through equity, excellence, and opportunity!

BALLOU

“Set a goal, believe in yourself, and do your best. And don’t be afraid to ask for help. Ballou has so many resources, and if you thoroughly communicate with the staff, then you can pretty much do anything.”
– *Tatiana Ellis*

“I came to Ballou as an open-minded, ready-to-learn freshman. And left as a sophisticated and educated young adult!” – *Shaniyah Robinson*

Why Ballou Senior High School?

Frank Washington Ballou Senior High School has a rich legacy of pioneering academics and extracurriculars. Renowned as a Mathematics, Science, and Technology school, the program was considered one of the city's most sophisticated curricula, accompanied by a highly-regarded Arts program. Ballou Senior High School continues the legacy of cultivating and empowering socially-engaged leaders for global success by offering academic and extracurricular programs that enrich our students' minds, bodies, and spirits.

Ballou Knights may explore 5 Career Academy Pathways, over 15 Advanced Placement and Honors courses, more than 40 unique national and community partner organizations, and over 25 clubs and athletic programs during their journey. When students graduate from Ballou, they may have earned industry certifications, traveled abroad, and gained real-world experience through a case-methodology curriculum and paid internship. Many of our graduates attend college across 20 states and 30 universities, earning over \$2.25 million in scholarships, and many have become politicians, collegiate and professional athletes, musicians, and community activists.

We are Ballou SHS, home of the Knights and the Jewel of Southeast; we shine bright and serve as a resource to the community. Join the legacy! #ChooseBallou.

BANNEKER

"Don't be afraid to communicate—ask for help whether it's with classwork, your mental health or problems at home. Banneker has an amazing staff who are all willing to help you out." — JaZiah, Class of 2024

Why Benjamin Banneker Academic High School?

At Benjamin Banneker Academic High School we develop our students' lifelong skills for learning, sound moral character, and regard for the welfare of the community. We equip our students with a variety of educational tools needed to achieve academic excellence and ensure our students' preparation for, and admission to, a four-year college or university. Our students are prepared for future leadership roles and are empowered to compete globally. It is our belief that all students are capable of significant academic success, and of becoming productive and caring citizens within the community. Banneker has implemented an academic program and an environment that allows students to compete globally. The faculty and administration have the experience and qualifications to carry out Banneker's mission. There is a commitment of the Banneker community to model, uphold, and enforce high standards of learning and citizenship, and to work collaboratively to remove any obstacles to a student's success.

BARD DC

"I think the college courses are going to be challenging, and as the first class, we are going to set the example. We will have a head start in college, and Bard is going to set us up for success." — Immanuel, Class of 2023

Why Bard High School Early College DC?

Bard High School Early College DC (Bard DC) operates through a partnership between Bard College and DCPS. Students have the unique opportunity to earn 60 transferable college credits and an Associate in Arts degree from Bard College alongside a high school diploma, free of charge. Students in grades 9-12 are taught by college faculty in seminar classes, where they develop foundational knowledge across the liberal arts and sciences as well as skills of writing, critical thinking, and communication. Students matriculate into the Associate's degree program after the 10th grade. Bard DC prepares students to enroll in four-year colleges and universities, often with advanced standing. This translates to significant cost savings for families. Bard DC is part of a national network of Bard Early Colleges serving over 2,850 students in five states.

What great courses can I take?

The majority of faculty at Bard DC have a terminal degree (e.g. PhD, MFA) in their field of study and college teaching experience, and college electives will vary depending on faculty expertise. The requirements for the Associate's degree include the Seminar Sequence (four-semester Great Books course) and courses in science, mathematics, literature, history/social science, foreign language, and the arts. The following courses are drawn from other Bard High School Early College campuses.

College Course Examples

- African-American History
- Chinese Myths and Fables
- College Algebra
- College Biology
- College Chemistry
- College Chinese
- College Precalculus
- College Probability and Statistics
- College Spanish
- Composition
- Computer Science
- Creative Writing

- Difficult Questions: Race, Class, Religion
- First Year Seminar and Sophomore Seminar (signature humanities course)
- Graphic Novels

High School Course Examples

- Algebra
- Biology
- Chinese
- History of the Americas
- Introduction to Art
- Literature of the Americas
- Spanish

What programs can prepare me for college and career?

The Bard Early Colleges are founded on the belief that many high-school-age students are eager and ready for the intellectual challenges of a college education. Bard DC prepares students for success in bachelor's degree programs and a wide range of careers. Specific programs:

- Anatomy
- Associate in Arts Degree Program
- Black Aesthetics
- College Transfer Office
- Dual Enrollment
- Early College Exposure
- Forensics
- Naviance
- SAT Test Prep
- Urban Alliance
- Young Entrepreneurs Institute

What extracurricular activities can I join?

Extracurricular activities at Bard DC are student-driven. Popular activities at other Bard High School Early College campuses include:

- Anime Club
- Chess Team
- Co-Ed Varsity Cheer
- Debate Team
- Film Club
- Future Health Professionals Club
- Girls Varsity Basketball
- JV and Varsity Boys Basketball
- Literary Magazine
- Mock Trial
- Social Action and Civic Engagement Clubs
- Student Government
- Volleyball

CARDOZO

“Cardozo is a school that has given me many opportunities. The NAF TransSTEM Academy exposed me to many professional environments allowing me to get out of my comfort zone and grow. The staff continuously checks up to see how I am doing. Cardozo is a very supportive school with many fundamental resources.” – *Cynthia, Class of 2018*

Why Cardozo Education Campus?

Cardozo Education Campus creates educational and social experiences that prepare students with the knowledge and skills necessary to compete, succeed, and excel in the global community. In addition to a newly renovated, state-of-the-art, green building, Cardozo provides a safe, supportive, nurturing, and academically challenging environment that fosters the growth of all educational stakeholders through a social contract based on teamwork, work ethic, integrity, respect, and leadership. Such intentionally collaborative structures engender a sense of family, responsibility, and academic excellence, which prepares students for college, career, and commitment to their communities.

Welcome to Cardozo, We are one! Bienvenidos a Cardozo, ¡Somos uno!

“CHEC is an amazing, culturally diverse school – a learning environment with strong college-going culture that is rooted in social justice. The teachers are very supportive and there are so many resources available to help students succeed academically and for life in general. CHEC challenges with diverse course offerings, AP subject courses, stimulating internships and opportunities for international academic exchange. You will find it all here at CHEC.” – Jessica, Class of 2019

Why Columbia Heights Education Campus?

Bell Multicultural High School @ CHEC is a unique globally-themed 9-12 dual language campus that blends rigorous instruction with personalized education, driven by technology, multilingualism and social justice. All students in 9th and 10th grade have their own laptops. Bell is also a Restorative Justice and Empowerment of Young Men of Color school. All students interested in grades 9-12 must apply through the My School DC lottery to be considered for admission. On April 23, 2022, Bell was ranked as # 6 in DC and #2798 nationwide in the US News & World Report on the top U.S. Schools list. Our Advanced Placement Participation rate was 100%. Our graduation rate was above the city average by 16% and our daily attendance rate was above the city average by 8%.

University of Rochester
University of Virginia

"During these four years at Coolidge my confidence in myself and my abilities grew immensely. I developed a tenacious attitude towards learning and achieving my goals. Coolidge teachers and staff provided unwavering support which in turn encouraged me to serve my community through over 300 hours of volunteer work. As a result, I graduated as class valedictorian, gained acceptance to 18 universities, received over \$500,000 in scholarships, and was named a Trachtenberg scholar receiving a full scholarship to George Washington University." – Daryll, Coolidge Student Class of 2020

Why Calvin Coolidge High School?

Coolidge is committed to providing "Excellence in Education" for all students. Through program design and rich learning experiences, students will be provided many opportunities to achieve academic excellence, where each student will reach his or her highest potential. Coolidge students will graduate as lifelong learners who will make valuable contributions to society. Through the collaboration of stakeholders, every Coolidge graduate will be well-prepared for the demands of a global society and beyond.

School Overview:

EARLY COLLEGE ACADEMY AT COOLIDGE

"So far my experience in ECA has been very interesting and exciting! I enjoy how we are being challenged to push ourselves to do more advanced work, yet at the same time receiving the support needed to accomplish those goals. Through ECA, I hope to get the resources and college readiness skills I need to be a successful student and earn my degree. I am taking advantage of the advanced classes and using the knowledge to guide my future."

- Mariana, ECA at Coolidge Student, Class of 2023

Why the Early College Academy at Coolidge?

The Early College Academy at Coolidge High School (ECA at Coolidge) will provide students the opportunity to earn a high school diploma and up to 60 transferable credits towards an Associate Degree from Trinity Washington University, tuition-free. Students complete rigorous academic coursework in 9th and 10th grades at Coolidge High School, then apply to complete their 11th and 12th grade years taking a complete college curriculum on campus at Trinity Washington University.

What great courses can I take?

Students in the Early College Academy will complete high school courses, over 60 transferable college courses and the opportunity to earn an Associate Degree.

Some examples of the high school courses include:

- Honors Algebra
- Honors Biology
- Honors Chemistry
- Honors ELA
- Honors World History

Advanced Placement Courses

- AP Biology
- AP English Language and Composition
- AP World History

Trinity Washington University Courses

- Information Literacy
- Politics, Power, and You
- Public Speaking

What programs can prepare me for college and career?

The Early College model is known for a specific focus on combining high school and college in "rigorous, yet supportive environments that embrace acceleration over remediation". Students will gain a head start experiencing college-level coursework, and gain access to other engaging experiences including:

- Career Shadowing
- College Workshops
- Dual Enrollment
- Early College Exposure
- Early College Summer Bridge
- Naviance
- Partnerships with the Latin American Youth Center
- Partnerships with the Mary Center
- Personalized Student Supports
- SAT Test Prep
- Tenacity Professional Character Skills Curriculum
- Urban Alliance

What extracurricular activities can I join?

Since all ECA at Coolidge students are part of the larger Coolidge High School, they are entitled to participate in extracurricular activities available at Coolidge High School, which include but are not limited to:

- Alpha Leadership
- Art Club
- Baseball
- Book Club
- Bowling
- Cheerleading
- Drumline
- Flag Football
- Football
- Future Business Leaders of America
- Girls who Code
- Key Club
- Latin Dance

DUNBAR

"I love attending Dunbar because my teachers help me strive to be excellent, and they never let me give up on myself. The opportunities provided to me at Dunbar, like Law Camp and the Public Policy Academy, are helping me prepare for college and for my future. My classmates allow me to be myself and accept me as I am, which has helped me to grow and to become more confident." — *Keesayah, Class of 2020*

Why Dunbar High School?

Dunbar High School provides an all-inclusive instructional program that fosters maximum academic achievement, enabling our students to become lifelong learners and productive citizens. Dunbar students are encouraged to be well-rounded individuals through embodying our school values of being dedicated, honorable, and scholarly citizens. Dunbar scholars have the opportunity to thrive through participating in one of our three academies, numerous extracurricular activities, and various service learning projects.

“I have taken a leap of faith to attend a school that has a rigorous curriculum and a diverse culture. Within these years I have learned to work with integrity, respect and discipline with the support of those surrounding me. I am confident that I will graduate as the best version of myself, ready to take on the world!” — *Zaiah, Class of 2025*

Why Duke Ellington School of the Arts?

Duke Ellington is the only high school in DC that combines a full college preparatory curriculum with intensive pre-professional arts training in one of eight majors: dance, instrumental music, literary media & communications, museum studies, technical design & production, theatre, visual arts, and vocal music. Ellington serves diverse and talented students from all wards of the city. The Ellington building was renovated in 2017, and features state-of-the-art facilities to mirror the world-renowned program.

JACKSON-REED

"I love Jackson-Reed for so many reasons that it is hard to list them all. First of all, it offers its students numerous activities and classes that there ends up being something for everyone no matter what they are interested in. Personally, my favorites have been student government and The Beacon, our school newspaper, as they have allowed me to be highly involved with both the student body and administration. Another reason I love my school is the people. As I leave for college, I know that I will never be in an environment like Jackson-Reed, in which you can meet people from all backgrounds and learn about their life experiences. My four years here have not only prepared me academically but also equipped me with self-advocacy, something I am genuinely thankful for and will be incredibly useful in the future." — *Ethan, Class of 2019*

Why Jackson-Reed High School?

Jackson-Reed High School is the District of Columbia's largest and most diverse comprehensive high school. More than 90 percent of Jackson-Reed graduates attend college in 40 states and three countries and 2019 graduates were collectively offered over \$33 million in scholarships. Jackson-Reed offers nearly 30 AP courses and 13 honors courses. Jackson-Reed is proud to offer seven NAF academic and career academies, including SciMaTech, Finance, and the Academy of Hospitality and Tourism. In addition, there are several Jackson-Reed specific academies, including International Studies and Athletics.

MACARTHUR

"This school is really welcoming. We love our teachers. They are extremely helpful and I am glad I chose MacArthur." — *Jerson, Class of 2027*

"With all the AP options the only thing limiting us is our ambition. I love it here." — *Ben, Class of 2026*

"This school is amazing because it is easy to learn with small class sizes and patient teachers." — *Warryn, Class of 2027*

Why MacArthur High School?

Bring your child's future into focus at MacArthur High School, a dynamic, comprehensive neighborhood institute that seamlessly integrates STEM and the arts. We are proud to offer a diverse curriculum, including Pre-AP, Advanced Placement, and Honors courses, which challenge students to reach their full potential. Our partnership with the National Academy Foundation (NAF) facilitates specialized academic programs in Engineering and IT, providing hands-on, real-world experience to prepare students for future success. At MacArthur High School, we not only educate but inspire our students to explore, innovate, and create. We believe that every child has unique potential, and it's our mission to guide them on their journey of discovery and growth. Choose MacArthur High School and empower your child to shape the world of tomorrow.

School Overview:

MCKINLEY TECH

"I love being a McKinley Tech student because of the versatility and opportunities. At McKinley there is always a place for you whether it's with sports, music, drama and much more. The hype that everyone told me about McKinley was exceeded within just my Freshman year. In every STEM field, there are many fun and educating opportunities to grow and help you figure out what your passion is. The staff is welcoming and very helpful and many have played a huge role in my life inside and outside of school."
 – Olachi, Class of 2022

Why McKinley Technology High School?

McKinley Technology High School is a National Blue Ribbon, selective-enrollment, fully comprehensive, STEM high school equipped with all the perks of a traditional school! Our transformative learning community has been located in the Eckington neighborhood of Northeast Washington, D.C. since the early 1920s and has a legacy of preparing the next generation of technical professionals in the fields of Biotechnology, Computer Science and Engineering. McKinley Tech scholars have the opportunity to engage with current industry leaders as members of our Distinguished NAF Academies through internships, job shadowing and pre-college dual enrollment courses at local institutions such as Georgetown University, George Washington University, and Trinity Washington University.

“Phelps is an astounding and broadening environment that offers a quality education. Incoming students should choose Phelps because of the life-changing and positive opportunities that our school provides. Phelps offers an experience that will brighten the futures of all those who attend.” — Catherine, Class of 2018

Why Phelps Architecture, Construction and Engineering High School?

Phelps is an application high school that draws students from across the District. We prepare students for college AND career through our rigorous college prep curriculum and our Career and Technical Education programs. We prepare students for higher education by challenging students in their core content classes, in Advanced Placement (AP) courses in many content areas, in World Languages of Chinese and Spanish, and through college visits. Students select a career pathway in architecture, construction, engineering, or Cisco computer networking. In their pathway, they can earn industry certifications that pave the way to accessing high-paying career fields. Workplace learning experiences provide opportunities both in our modern facility and outside at industry locations around the area.

RON BROWN

“I love Ron Brown because I am allowed to be creative and explore my interests. Over the last year Ron Brown has added a Mass Media Department, and it has allowed me to explore the world of photography and videography. Ron Brown understands the beauty of black culture and what it means to embrace ourselves, our past, our future, and our culture. Being able to say I am a student at Ron Brown feels amazing because not everyone will be able to take part in that. I will forever be a part of Ron Brown’s history. Ron Brown creates opportunity for growth in students, parents, and teachers. I am a Monarch. I am a King!” – Ean, SBOE Student Representative, Class of 2023

Why Ron Brown College Preparatory High School?

Ron Brown is an all-male public high school that recognizes the importance of educating and developing the entire young man. Ron Brown's curriculum infuses culturally-responsive teaching and social emotional learning opportunities. Driven by the pillars of High Character, Academic Curiosity, and Service to the Community, we seek to prepare our students to be compassionate, honest, disciplined, respectful, and courageous young men who utilize their voices to advocate for themselves and others. We seek to create a safe community of learning that allows students to safely fail in order to develop grit and perseverance towards academic and social challenges. Ron Brown will prepare young men to be competitive in their post-secondary pursuits.

ROOSEVELT

“Roosevelt is where I discovered my passion for activities like Street Law and Model UN. Learning about events in other countries prepared me to serve as an ambassador to a French exchange student for two weeks. Having a student shadow me at Roosevelt was a great experience. This opportunity allowed me to learn the differences and similarities between French and U.S. schools while gaining a new friend in the process.” — *Oluwafunmilayo, Class of 2019*

Why Theodore Roosevelt Senior High School?

Theodore Roosevelt High School engages students in an educational experience that fosters international understanding and welcomes diversity of thought, while preparing students for a globally interconnected world. For families and students seeking a globally focused career and college preparatory experience and for those who want to be part of a transformative movement, Roosevelt is the multicultural comprehensive neighborhood high school of choice.

SCHOOL WITHOUT WALLS

“My utmost appreciation goes to all of our amazing teachers, the staff, my Principal and Assistant Principals and especially my school counselor, for these guys helped me mature, pushed me to learn from those interesting failures, and provided me with some of the best and most cherished advice, including the idea that it is not the storms in life that define you, it is how you dance in the rain.” — *Jacob, Class of 2019*

Why School Without Walls High School?

School Without Walls will provide every student with a rigorous, college preparatory, humanities program that incorporates global and local resources in an experiential and interdisciplinary methodology to teaching and learning. Our vision is to create lifelong learners, global citizens, and students who embrace the SWW tradition of critical thinking, scholarly inquiry, and problem solving. Therefore, it is our mission to help students unleash their potential and creativity in a nurturing, welcoming, and challenging academic environment that is inclusive, supportive, and respectful of all students.

School Overview:

WOODSON

“There are a lot of great opportunities at H.D. Woodson. At Woodson I am always being challenged to set and meet high expectations. As a member of the school’s NAF IT Academy, I am being prepared for high-skill and high-paying IT careers, which I would have never thought of as an option, if not for the Academy.”
 – Terrell, Class of 2018

Why H.D. Woodson Senior High School?

H.D. Woodson is committed to a standards-driven education in which all scholars can succeed. Woodson is known as the only neighborhood high school in the district to be designated as a STEM high school. H.D. Woodson has a strong academic legacy as well as an impressive history of athletic achievement. In addition to offering a variety of extracurricular activities, Woodson offers several AP and Honors courses, Dual Credit Access through our Collegiate Academy, and JROTC. With a strong focus on both college and career readiness, Woodson provides Wall to Wall STEM Academies focused in Information Technology (IT), Engineering, and Business Finance. Woodson provides a safe, nurturing, and well-rounded educational experience for all of its scholars.

School Without Walls HS					•	
Woodson HS	•	•	•		•	•

- * Eligible students who attend a school that does not offer on-site credit recovery and Twilight are able to cross-enroll at another school.
- + Jackson-Reed provides extended day programming that can include original credit programming, but is not included as an official Twilight program.
- A circle indicates a school with a designated on-site coordinator; however, all DCPS schools and students have access to New Heights Coordinators and program support as needed.

STUDENT ENGAGEMENT PROGRAMMING

The staff and programming options outlined below are designed to give students all the support they need to stay engaged in school, graduate, and plan for life after high school!

College and Career Coordinators: College and Career Coordinators (CCCs) provide proactive, targeted, coordinated college and career guidance and resources for 9th-12th graders. Specifically, CCCs support post-secondary planning, coordinate college and career exposure events, and deliver tailored support to all seniors based on their individualized post-secondary plan. This work ensures every student develops a college or career plan, and that each student receives targeted support and opportunities for them to achieve that plan. Their work is exclusively focused on meeting student college/career goals and outcomes.

Credit Recovery Programming: Credit recovery programming allows students to recover eligible credits they previously failed. Credit recovery courses are proficiency-based and self-paced, allowing students to demonstrate mastery of core concepts at their own pace. All credit recovery classes are fully aligned to DCPS curriculum and taught by certified DCPS teachers. Credit recovery classes are generally offered outside of regular school hours.

New Heights Coordinators: The New Heights Program for Expectant and Parenting Students provides expectant and parenting DCPS students (teen moms & teen dads) with the assistance, support and guidance they need to handle the responsibilities of raising a child and graduating from high school. Students participating in New Heights work as partners with program staff members to develop strengths-based solutions to the challenges confronting them and their children. Primary program components include supportive case management, educational workshops and child resources/supplies.

School Counselors: School Counselors provide academic, career, and social/emotional development for all students. They deliver classroom lessons, small group counseling, and short-term counseling to empower, educate, and elevate student success. School Counselors help students apply academic achievement strategies, manage emotions, apply interpersonal skills, and plan for post-secondary options. School Counselors collaborate with students, families, educators, and the community to close equity, access, and opportunity gaps for all students.

Pathways Coordinators: Pathways Coordinators provide direct support to students who are off-track or at risk of falling off-track for graduation. Pathways Coordinators assist students with creating personalized learning plans, identifying barriers to success, and providing supportive case management and programming to get students back on-track to be successful in high school and beyond.

Twilight Programming: The Twilight program offers original credit classes outside of regular school hours. Students who are off grade level or otherwise behind in credits can participate in these classes, in addition to a full day schedule, to get back on-track for graduation. Twilight classes adhere to all policies applied to regular day school classes, including attendance, curriculum, grading, and seat hours.

PREPARING YOUR STUDENT FOR SUCCESS IN COLLEGE AND CAREER

ACCORDING
TO THE
DC POLICY
CENTER

93%

of jobs in DC require a college degree and/or industry certification.

Career Education Pathways

Career Education Pathways are rigorous, engaging, lead to college and career, and include the following components:

Industry-valued certification exams

Paid summer and school-year internship opportunities

Employability and technical skills training

Early college credits

Students interested in enrolling in a Career Education Pathway should speak with their school's Academy Director, Counselor and/or Teachers.

NAF College & Career Academies are rigorous, dynamic, industry-aligned college and career readiness programs that ensure students are prepared for in-demand, high-growth careers and postsecondary pathways. DCPS NAF Academy students outpace non-Academy students when comparing in-seat attendance, on-track for graduation, graduation rates, and postsecondary planning outcomes. Academies are led by a Director and skilled CTE Teachers, who collaborate in providing wrap-around supports for students in the programs.

Information Technology may include one or more of the following: Graphic Design & Illustration, Cisco Networking, CompTia Computer Maintenance, Computer Science.

DCPS GOES TO COLLEGE!

It's never too early to start preparing for college!

All these resources are available to all DCPS high school students and families.

Career and Technical Education (CTE) Programs: DCPS offers 29 different Career Education Pathways across 18 DCPS high schools. CTE Programs are rigorous and engaging, prepare students for several postsecondary opportunities, and include sequential career-themed courses, work-based learning opportunities, the opportunity to earn early college credits, and industry-recognized certifications.

An additional support for many of our CTE programs are NAF Career Academies. DCPS currently offers 38 NAF Career Academies at 15 high schools. Each academy is centered on at least one of several career themes that align closely with high-wage, high-skill, and high-demand jobs in the District. Embedded within the NAF Career Academy model is a strong student and teacher support structure, college and industry partnerships, career-focused internships, and rigorous curricula that culminate in industry recognized certifications. Career Academies are supported by industry advisory boards (IABs), whose members include leaders from the fields of business and higher education. dcpscte.org

Naviance: Naviance is used to learn more about colleges and career opportunities available to students, fill out the postsecondary survey, track progress towards meeting postsecondary goals and track college application materials.

SAT Test Prep: Many colleges require applicants to submit SAT/ACT scores – exams used in the college admissions process. All DCPS students will take the PSAT (a precursor exam to the SAT) and the SAT in school for FREE. Practice makes perfect! All DCPS students can take SAT Test Prep for free via the College Board's Khan Academy or enroll in a SAT Test Prep class at their school, if offered.

DCPS Scholarships & Financial Aid: College tuition can be expensive but there are many financial aid and scholarship options available that can make it affordable. DCPS educates students on the importance of filling out financial aid forms such as the FAFSA and CSS profile early, and sends out a monthly scholarship and financial aid newsletter called Dollars4College. Students, families and staff can sign up here: forms.office.com/r/KwejbsPudL

Dual Enrollment: In collaboration with local colleges and universities, DCPS offers its students the opportunity to maintain their high school status while enrolling part-time or full-time at a participating college or university. dcps.dc.gov/node/1013692

For more information on college and career programs, go to
dcpscollegeandcareer.org

DCPS PERSISTS: A COLLEGE SUPPORT NETWORK

College is an adventure, and as you take this next step, you're excited but might also feel nervous — you know that there are challenges ahead.

No matter where you're headed, **DC Public Schools has your back.** Launched in 2020, DCPS Persists is a program that provides you with a support network to help you succeed in college. DCPS Persists begins now and helps you make the transition from high school to starting at your new college and beyond.

What Is DCPS Persists? Coaches In Your Corner!

Through DCPS Persists, eligible students are matched with a Coach who will help you make the transition to college and find out what academic, financial, and other resources are available on each college campus. DCPS Persists Coaches will:

Support students with FAFSA and DC-specific scholarship renewals

Check in regularly by phone, text, email, or in-person

Serve as a resource when students have questions or run into challenges

Support students through the first two years of college

DCPS Persists Coaches are matched with students based on their college, so they get to know the place students are studying to help you get the best out of your college experience. Each DCPS Persists Coach has years of experience working with high school and college students. They work closely with the College & Career Coordinator at your high school to make sure the transition to college is smooth.

DCPS Persists Gives You a Network

- DCPS college-bound graduates can attend the DCPS Persists College Student Success Summit and Send-Off in the summer to get a head start on what to expect in college.
- DCPS Persists hosts alumni events and gives students access to internships and other career support.
- DCPS Persists sends information on scholarships and key reminders for success in college via our #ForeverDCPS newsletter.

Get Started with DCPS Persists!

To receive supports, graduating seniors heading to a 2 or 4 year college can fill out a DCPS Persists application. Reach out to:

dcps.persists@k12.dc.gov

Get to know more about our team: dcpspersists.org

* DCPS Persists is funded by the DC Public Education Fund through a generous investment from the A. James & Alice B. Clark Foundation.
