MY SCHOOL DC LOTTERY

The My School DC lottery gives families the opportunity to apply for available seats in early childhood programs for 3- and 4-year-olds, out of boundary DCPS schools in grades K-12, citywide schools, DCPS application high schools, and participating charter schools. A single, random lottery is run by My School DC to determine placement of new students at all participating schools. The Office of the State Superintendent of Education oversees the My School DC lottery in collaboration with DCPS, the Public Charter School Board, and participating charter schools.

To learn more about the lottery process, visit: www.myschooldc.org

KEY WORDS

Destination School (also feeder pattern school): a middle, high, or education campus school that a student has a right to attend based on the student completing the terminal grade at an elementary or middle school during the previous school year.

In-boundary school (also neighborhood school): a school that a student has the right to attend based on where the student's guardian lives. To identify your student's in-boundary school, visit <http://dcatlas.dcgis.dc.gov/schools/>.

Out-of-boundary school: a school other than a student's in-boundary school.

My School DC application: an online application families must use to apply for DCPS out-of-boundary schools (K-12), all DCPS preschool (PK3) and prekindergarten (PK4) programs, citywide schools, DCPS application high schools (9-12), and participating public charter schools.

My School DC common lottery: a single, random lottery that determines placement for students at all participating My School DC lottery schools.

Application high school: a DCPS high school or program that requires an application for entry into the school. There are two types of DCPS application high schools and programs.

Citywide: a school that does not have a boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any new student. *Ron Brown is the only DCPS citywide application high school.*

Selective: a school or program that admits students based on specific eligibility criteria. DCPS has eight selective application high schools and programs: Banneker, Bard DC, Columbia Heights Education Campus, Duke Ellington, Early College Academy at Coolidge High School, McKinley Tech, Phelps, and School Without Walls.
