

DISTRICT OF COLUMBIA
PUBLIC SCHOOLS

**WHAT IS YOUR SCHOOL
FEEDER PATTERN?**

FIND IT AT DCPS

- DCPS offers exceptional programming from PK3 through 12th grade for every student in the District of Columbia.
- Every student in DC has a right to directly enroll at a DCPS in-boundary school in grades K-12.
- A DCPS PK3 or PK4 seat is available for every student in DC.
- Every student can also choose to apply to great programming in out-of-boundary, citywide, and selective high schools and programs.

FAQS

● What is an in-boundary school?

A school that a student has the right to attend based on a student's home address.

● What is an out-of-boundary school?

A school other than a student's in-boundary school. A My School DC Lottery is required to attend an out-of-boundary school.

● What is a feeder pattern school?

A feeder-pattern school is a school that a student has the right to attend based on completion of the terminal grade of a student's current school. This assignment only happens during the years a student moves from elementary to middle school, or from middle school to high school, or from an education campus to high school. There are two types of feeder patterns:

- **Geographic Feeder Pattern** schools are grouped by school boundary and proximity. Geographic feeder pattern rights extend to students who enrolled in a school through a formal placement as well as to those who enrolled out-of-boundary through the My School DC lottery. Geographic feeder pattern rights do not extend to students who enroll as in-boundary students and then move out of the boundary, or to out-of-boundary students who withdraw.

- **Programmatic Feeder Pattern** schools/programs are organized by a specialized program of study (such as Dual Language). A programmatic feeder pattern provides the right for a student enrolled in a specialized school/program to enroll in the next level school within the specialized course of study as they transition into middle school or high school.

● How does DCPS serve special education students?

DCPS aspires to be a model district for special education. A child with a disability is eligible for special education and related services through the end of the semester the child turns twenty-two (22). DCPS' goal is to provide high quality inclusion and special education services, and to dramatically improve academic outcomes for students with disabilities. For more information about special education programs, please see the Special Education Programs and Resources Guide at

dcps.dc.gov/specialeducation

ABOUT THIS GUIDE

This booklet defines the PK3 - 12th grade options and pathways that DCPS offers students and families.

How do I use this guide?

Find	Find your in-boundary school: enrolldcps.dc.gov/node/41
Learn	Learn about programs at your school and in your feeder pattern: profiles.dcps.dc.gov
Visit	Get to know the schools in your feeder pattern. Many schools offer opportunities to visit: enrolldcps.dc.gov/node/16
Apply	Some schools require an application; apply via myschooldc.org
Read	Read the DCPS Enrollment and Lottery Handbook at enrolldcps.dc.gov/node/66
Enroll	Enrollment typically begins in April of each year. Learn how to enroll in DCPS at EnrollDCPS.dc.gov
Graduate	DCPS strives to empower our students on their path to graduation with the tools they need to be successful by creating policies that are supportive, inclusive, and equitable. Learn about our graduation policy here: dcps.dc.gov/prektograduation

Learn more about #ReopenStrong

DC Public Schools welcomed all students back to full-time in-person learning in the 2021-2022 School Year. The health, safety, and well-being of our staff, students, and families is top of mind. Get the latest on what in-person learning looks like for your child at dcpsreopenstrong.com

Schools Not in a Feeder Pattern	16
School Reference List	18
Schools by Program	19

PROGRAM OFFERINGS

Afterschool (as of SY19-20): DCPS afterschool programs allow students to participate in academic and extracurricular activities, and to develop new hobbies and skills. DCPS teachers, paraprofessionals, and community-based organizations provide a variety of unique programming options to students. Schools that are not an Out of School Time Program (OSTP) site may still have programs for students after the instructional day.

Before Care: DCPS teachers, paraprofessionals and community-based organizations provide a variety of programming and breakfast before the start of the instructional day. Please check with your school directly to inquire about their before care offerings for SY19-20 and SY20-21.

Career and Technical Education (CTE): CTE programs are a three-or four-year course sequence for high school students, in addition to their core content classes, which includes preparation for industry-recognized certification exams and participation in work-based learning experiences. CTE programs also include internships, job shadowing, and industry field trips. The specific types of CTE programming vary at each high school from fields such as Engineering and Computer Sciences to Mass Media and Hospitality Management. Please contact your high school of choice to find specific details of their programs.

Citywide: A school that does not have a geographic boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across DC must submit a My School DC lottery application to attend a citywide school.

Dual Enrollment: In collaboration with DC colleges and universities, DCPS offers its students the opportunity to maintain their high school status while enrolling part-time or full-time at participating colleges or universities. In addition to being able to take challenging college courses that are not offered at their home high school, DCPS students are given the opportunity to earn college credit that can be transferred to many postsecondary institutions. All DCPS high school students are eligible to apply to these programs.

Strand

Whole

Dual Language: DCPS operates dual language programs that offer instruction in English and Spanish. There are some schools that operate a dual language program within a comprehensive or traditional school model which is called a “strand” program. There are other schools that offer a “whole” school dual language program in which every student is enrolled.

Early Action PK: Guarantees access to in-boundary PK3 and PK4 programs for all families. A PK3 or PK4 student is guaranteed a seat at a designated DCPS “Early Action” school as long as they meet the following three conditions: 1. The Early Action school is the student’s in-boundary school; and 2. The student submits a My School DC lottery application by the application deadline; and 3. The student is not matched with a school they rank higher than their Early Action school.

Early College: Early College allows students to earn both a high school diploma and up to two years of college credit (or an Associate’s degree) during their 4 years of high school. Early College programs are application-based programs within the designated high school.

Equitable Access Designated Seats (EADS): A portion of PK3 and PK4 seats are reserved for My School DC lottery applicants that have been identified as experiencing homelessness, or in the District’s foster care system, or receiving Temporary Assistance for Needy Families (TANF) or Supplemental Nutrition Assistance (SNAP). Learn more: dcps.dc.gov/page/dcps-equitable-access-designated-seats

REIGN

EMOC

Equity Strategy & Programming (ESP): ESP’s student facing work takes place within two major initiatives, Reign: Empowering Young Women as Leaders and EMOC: Empowering Males of Color, which support schools in creating a safe, affirming and empowering space for students of color to build community, confidence and leadership skills. The goal is to provide community responsive programming so that students of color are engaged, empowered, and equipped to be leaders and change agents who positively influence their community and the world.

Global Studies: Global education is a perspective and pedagogy available across grades, wards, and content areas. Global Studies works to prepare students as global citizens who investigate the world, recognize perspectives, communicate ideas, and take action.

PROGRAM OFFERINGS

Infant Toddler Centers (ITC): DCPS partners with high quality early education providers to offer exemplary early learning opportunities to infants and toddlers in centers located inside a small number of DCPS elementary schools. Early learning centers serve children ages 6 weeks to 3 years in close collaboration with the DCPS ECE Division and the ECE teams at the elementary schools where they are located. Families can expect excellent and affordable early education in a supportive environment with strategic coordination between the infant/toddler classrooms and the DCPS Pre-K classrooms. For more information about enrollment, please contact the school directly or email dcps.earlychildhood@k12.dc.gov

International Academy (IA): The model is designed for English Learners who are recently-arrived students at the beginning of their English language development. Students with limited or interrupted formal education are welcome. The program focuses on several core principles including: integrating content and language instruction, leveraging native language use, and learning through collaboration.

International Baccalaureate: The DCPS International Baccalaureate (IB) school network provides a pathway to an internationally-recognized diploma. For more than 35 years, the IB Program has developed a network of more than 3,700 schools in 145 countries. DCPS IB schools develop inquiring, knowledgeable, and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

JROTC: The Junior Reserve Officers' Training Corps (JROTC) is a service to our nation. This program provides Cadets with the motivation and skills to improve physical fitness, remain drug free, think critically and creatively, and to work as a team member. Cadets graduate from high school able to pursue meaningful careers especially in the areas of science, technology, engineering and mathematics.

Strand

Whole

Montessori: The goal of Montessori education is to foster a child's natural inclination to learn. Montessori teachers guide rather than instruct, linking each student with activities that meet her/his interests, needs, and developmental level. The classroom is designed to allow movement and collaboration, as it also promotes concentration and a sense of order. All DCPS Montessori programs are Association Montessori International (AMI) certified. There are some schools that operate a Montessori program within a comprehensive or traditional school model which is called a "strand"  program. There is another school that offers a "whole"  school Montessori program in which every student is enrolled.

NAF College & Career Academy: A DCPS career education program that includes a strong student and teacher support structure, college and industry partnerships, career-focused internships, and rigorous curricula that culminates in industry-recognized certifications.

Opportunity Academy: These are schools designed to help overaged and under-credited students get back on track, graduate, and become successful in college and career. They are diploma-granting high schools that offer robust programming designed to meet the needs of each student. To enroll, students may either be referred or selected to attend. Students further behind have priority placement.

Schoolwide Enrichment Model (SEM): SEM is a non-traditional approach to gifted education. Each middle grades SEM school has one full-time, professionally-trained enrichment resource teacher who facilitates a wide range of academic course offerings that falls largely outside of the core curriculum. SEM elementary schools have either a SEM resource teacher or a SEM committee who manage the enrichment opportunities for the students.

Science, Technology, Engineering and Math (STEM): STEM integrates science, technology, engineering, and math so that each of these content areas is taught within other content areas and equally alongside literacy and composition. The goals of DCPS STEM integration are to improve student readiness for STEM majors and careers as well as prepare all students to be STEM-literate citizens.

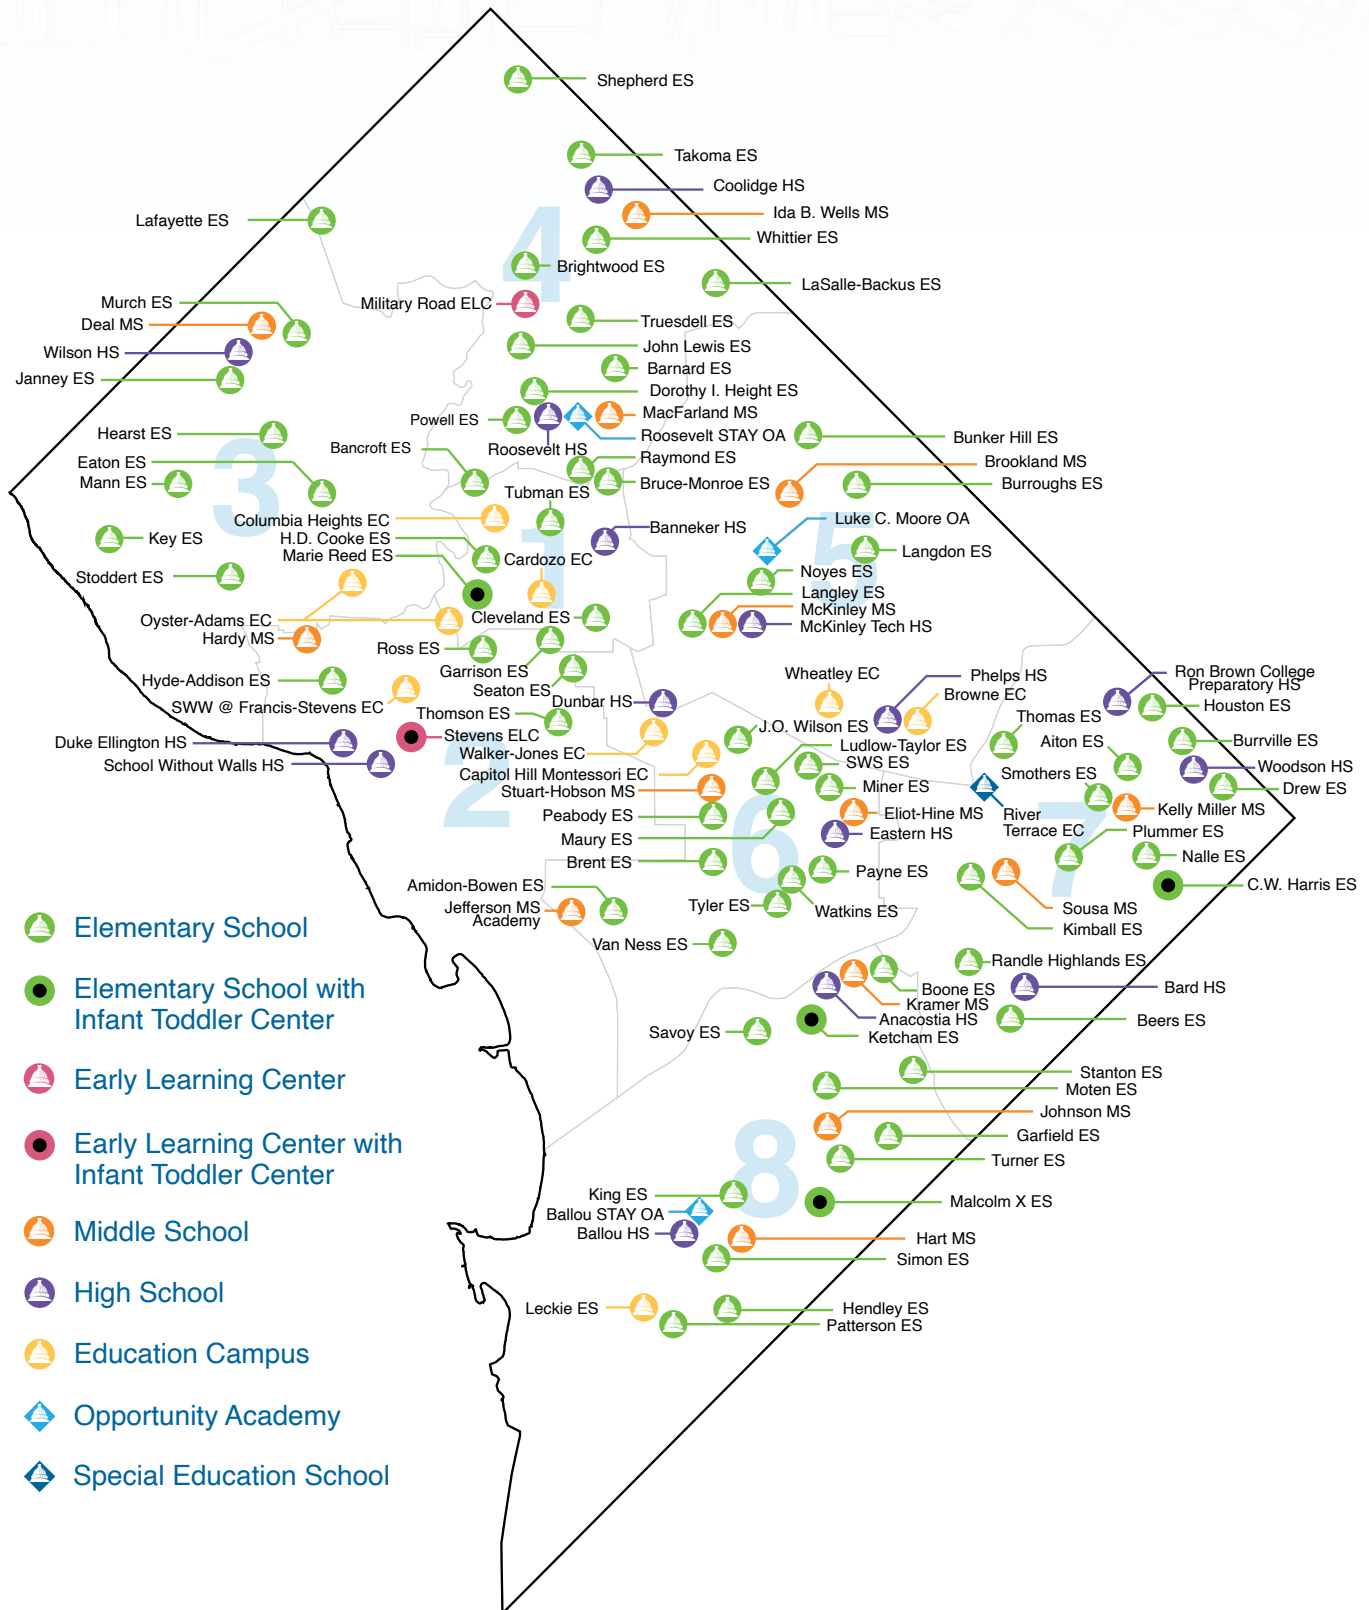

Selective High School or Program: DCPS has eight selective high schools and programs that admit students based on specific criteria or eligibility requirements. Students eligible to enroll in grades 9-12 can apply, but only students who meet a selective high school's or program's requirements will be considered eligible for admission. Learn more about DCPS selective high school admission criteria: myschooldc.org/how-apply/applying-selective-citywide-high-schools

Single Gender Campus: DCPS operates one all male school, Ron Brown College Preparatory High School, and one all female PK3-8th grade school, Excel Academy.

Program: Montessori

NOTE: All DCPS Dual Language 8th grade students have a right to enroll in the Roosevelt HS Dual Language Program in 9th grade. Columbia Heights Education Campus (CHEC) also offers a Dual Language program in grades 9-12. CHEC high school is a selective school. All students must apply for admission through the lottery except CHEC 8th graders.

SCHOOLS NOT IN A FEEDER PATTERN

[Click here to learn more](#)

CITYWIDE SCHOOLS

A citywide school is a school that does not have a boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across the District of Columbia must submit a My School DC lottery application to attend, but there are no additional eligibility or admissions criteria for enrollment.
