SCHOOL YEAR 2023-2024 FAMILY GUIDE TO DCPS MIDDLE SCHOOLS

ABOUT THIS GUIDE

What is this guide?

Use this guide as a tool to learn about DCPS middle grade schools, the amazing programs offered, and how your student can enroll.

DCPS Strong!

DC Public Schools is committed to helping our students succeed by providing a safe and joyful learning environment. To learn about the health and safety measures in place for School Year 22-23, and to find helpful resources all school year long, go to [DCPSstrong.com](https://dcpstrong.com).

How do I use this guide?

Find Find your neighborhood school at enrolldcps.dc.gov/node/41.

Learn Determine schools that are a great match for your student. DCPS middle schools offer exciting programs such as Dual Language, STEM, and more!

Visit Many schools offer open houses. Check them out at enrolldcps.dc.gov/node/16.

Apply Some schools require an application. Learn more about the My School DC lottery application at www.myschooldc.org.

Read Read the DCPS Enrollment and Lottery Handbook to learn policies and procedures, and for answers to commonly asked enrollment questions at enrolldcps.dc.gov/node/66.

Enroll Enrollment typically begins in April of each year. Visit EnrollDCPS.dc.gov for more information.

My School DC Lottery

The My School DC lottery gives families the opportunity to apply for available seats in early childhood programs for 3- and 4-year-olds, out-of-boundary DCPS schools in grades K-12, citywide schools, DCPS application high schools, and participating charter schools. A single, random lottery is run by My School DC to determine placement of new students at all participating schools. The Office of the State Superintendent of Education oversees the My School DC lottery in collaboration with DCPS, the Public Charter School Board, and participating charter schools.

To learn more about the lottery process, visit: www.myschooldc.org

KEY WORDS

Citywide School: A school that does not have a designated boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across the District of Columbia must submit a My School DC lottery application to attend a citywide school. Students are not eligible to receive proximity preference at citywide schools. Capitol Hill Montessori and Excel Academy are the only citywide schools with middle grades.

Destination school (also feeder pattern school): A middle, high, or education campus school that a student has a right to attend based on the student completing the terminal grade at an elementary or middle school during the previous school year.

In-boundary school (also neighborhood or zoned school): A school that a student has the right to attend based on a student's home address. To identify your student's in-boundary school, visit enrolldcps.dc.gov/node/41.

My School DC application: An online application families must use to apply to all DCPS preschool (PK3) and prekindergarten (PK4) programs, DCPS out-of-boundary and citywide schools (PK3 - Grade 12), DCPS selective high schools and programs (Grades 9-12), and participating public charter schools (PK3 - Grade 12).

My School DC Lottery: A single, random lottery that determines placement for new students at all participating schools.

NAF College & Career Academy: A DCPS career education program that includes a strong student and teacher support structure, college and industry partnerships, career-focused internships, and rigorous curricula that culminates in industry-recognized certifications.

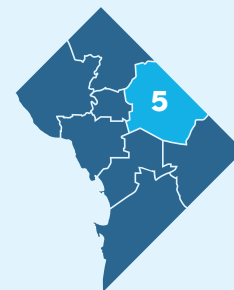

Out-of-boundary school: A school other than a student's in-boundary or feeder pattern school.

Why Brookland Middle School?

Brookland Middle School is an arts integration school which strives to create a school climate that is academically rigorous, positive, respectful, and inspires scholars to become lifelong learners who impact society. We believe in creating an environment that is welcoming for all students, parents, and partners. Brookland students are exposed to an array of course offerings which include Visual Art, Music, Spanish, and Accelerated Math with a strong emphasis on Common Core instruction. Brookland's brand new state-of-the-art facility houses a rooftop outdoor learning classroom and a performing arts auditorium. We are confident that all students will have an equal opportunity to thrive academically, socially, and behaviorally.

What great courses can I take?

"One thing I like about Browne is the fact that they have so much technology and stuff that you can use. The teachers are good and there's a lot of sports, like basketball to play." - Paul, 3rd Grade

"I feel comfortable when I come into Browne because there's always someone standing in front saying 'good morning' to you; this makes me feel good. You may be feeling sad, but when you come in and they say hi, it lifts your spirits." - Parent

Why Browne Education Campus?

At Browne Education Campus, educators develop rigorous, student-centered lessons aligned to the Common Core State Standards to better prepare students for success in college and future careers. We challenge ourselves, our students, our parents, and our surrounding community to become caring, educated risk-takers who inquire and take action to create a better world. We work to accomplish this by ensuring purposeful teaching and learning by every staff member, while maintaining high expectations for all learners in a stimulating and secure learning environment. Browne Education Campus has a long history of serving families in Ward 5. Here at Browne, we pride ourselves on being a Community School. Our families know that no matter the need, we are here to support. Why is this important to us? We put our students at the forefront of every decision that is made. When our households are supported, it allows our students to thrive. We understand the needs of our community and we work tirelessly as a school to live up to our name as the "The Pride of Education Hill"

CAPITOL HILL MONTESSORI

Grades: PK3-8

"I really enjoy science because we get to do experiments. Recently, we took the DNA from a strawberry. We learned about DNA through note-taking and experimentation. We have a routine in our class, which shows us how we're supposed to act. This is good for us." - *Destiny, 8th Grade*

"I feel that CHM is such a special community because it is a school that cares about the individual child. Principal Adutwum is invested in ensuring that all of the students are exposed to a quality education on a daily basis. She has been intentional about connecting with my children and as a result, they admire and respect her." - *Parent*

Why Capitol Hill Montessori School @ Logan?

Capitol Hill Montessori @ Logan provides a stimulating learning environment where students are able to develop their critical thinking and problem-solving abilities through rigorous instruction and project-based learning based on their interests in math, foreign languages, art, ELA, social studies and science. Students are afforded the opportunity to participate in external learning opportunities to further extend their knowledge through museum studies, theater arts, STEM and foreign travel. Our middle school students receive individualized academic, social and emotional support with the aim of each student achieving their personalized goals.

CARDOZO

Grades: 6-8

"Students love this school because we have City Year, NSBE Jr. and great extracurricular activities. We also have the NAF TransSTEM Academy with Transportation as well as Science, Technology, Engineering, and Mathematics (STEM), Academy of Engineering (AOE) and an Academy of Information Technology (AOIT) programs. Other students should consider this school because it is a middle and high school, and it has an International Academy program. Our building is also awesome with a swimming pool, track, and field." - Franklin, 7th Grade

"I love and choose Cardozo EC for my child because of what Cardozo has to offer. What most people don't know is that they have a well-established NAF TransSTEM Academy program. He wants to study engineering, and I have come to find out that the NAF TransSTEM academy has been in place well over 20 years. The programming and course load it offers you only see mostly at application high schools. My son's grades needed a little help and did not afford him the chance to get accepted into an application school. Cardozo is a FREE PUBLIC SCHOOL that offers the same if not more. Plus the school is staffed and equipped to help him reach his full potential. As parents, we want the best for our children, and I feel that Cardozo is the best and meets my expectations! Cardozo is DC's best kept secret! Now it's time to let the secret out of the bag!!!" - Parent

Why Cardozo Education Campus?

As an education campus, Cardozo has the unique benefit of nurturing the development of adolescents and pre-teens as they enter 6th grade all the way into adulthood as graduating seniors. Thanks to the collaborative efforts of educators, parents and the surrounding community to create an atmosphere that engenders academic excellence through exceptional teaching and learning, Cardozo students enter a diverse global community with the skills necessary to excel and succeed. This is possible because of the examples and values that all Cardozo staff model for our students - Teamwork, Work Ethic, Integrity, Respect and Leadership.

CHEC CHEC MIDDLE SCHOOL

Grades: 6-8

"Lincoln gives me my own tablet and for the last two years, I have been doing special projects, assignments and homework using my own tablet. I love going on field trips, portfolio presentations and being on the soccer team. My teachers all know me and my family as well." – Kevin, 7th Grade

"Lincoln and CHEC cares about students and their families. Teachers are always contacting us about my daughter's progress, school events and other important things. They also provide a lot of opportunities for parents to come and attend school events. My daughter is also in the Middle School band and my family gets to attend her concerts at the Kennedy Center and other places. We are extremely happy to be at CHEC." – Parent

Why CHEC Middle School?

Lincoln Multicultural Middle School @ CHEC is a unique, globally-themed, 6-8 dual language campus that blends rigorous instruction with personalized education, driven by technology, bilingualism and social justice. All students in middle school have their own tablets and/or laptops. On a daily basis, Lincoln MS students get to apply technology, research, and real-life experiences in their curriculum, which enables them to prepare for high school and college.

Lincoln MS also has Spanish Language Arts and English teacher collaborating time to further enhance the student's experience in being a language learner. Regardless of a student's English or Spanish language proficiency levels, their ELA and SLA class collaboration model will ensure students are bi-lingual by the end of their 8th grade year.

In 2019, Lincoln Multicultural School @ CHEC received a 4 Stars Rating. Only 30 DCPS Schools got 4+ Stars. Our Growth to Proficiency in both Math and ELA was amongst the highest in the District and the daily attendance rate is 23% above the District average.

DEAL

Grades: 6-8

"From the moment you walk through the doors at Alice Deal Middle School, you are greeted by countless smiling students, teachers, and other faculty. If you attend Deal, you will find so many people who will support you and be willing to help you with whatever you need. Deal invites you to explore a range of different subjects and activities. Anyone can start a club at Deal, and anyone can join pre-existing clubs where students can meet classmates with similar interests. The best thing about Deal is the community of students. We also all try to embody our International Baccalaureate character traits: knowledgeable, inquirers, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective. Overall, Alice Deal is an amazing school with limitless opportunities." - *Olivia, Deal Alumna*

"Alice Deal Middle School is one of the most diverse schools in Washington, DC and that is what makes it so great. But it's not just diversity in demographics. Deal's IB curriculum encourages independent thinking and academic exploration at every level of achievement. Deal's excellent teaching staff motivates students to not only succeed academically, but also helps them understand how to manage their time and pick up learning habits that will serve them well throughout their lives..." - *Parent*

Why Alice Deal Middle School?

Alice Deal Middle School inspires excellence, curiosity, and compassion through intellectual and social engagement. Deal has a wealth of curricular and extracurricular options, including Spanish, French, and Mandarin Chinese World Language options. Deal's greatest asset is its diverse student population of nearly 1,500 students. The team-based structure creates a communal environment where students find numerous opportunities to master complex material and develop 21st century skills in a nurturing atmosphere.

"I like Eliot-Hine because there are good teachers and good programs. I am learning without becoming stressed or overwhelmed. My favorite class is Radio Broadcast because I get to learn how to use the equipment and interview guests, and I am not forced to step outside of my comfort zone." - Malia, 8th Grade

"Although we have the option to choose a school out of bounds, there's something special about our daughter attending our neighborhood school at Eliot-Hine Middle School. We love the small community; she's worked with passionate teachers that have helped her work through some weaknesses and become stronger in other areas, and she loves the broadcasting program. Since attending Eliot-Hine, she's become more attentive, works hard to get good grades, is finding her voice and enjoys the friendships she's creating with classmates near her home." - Parent

Why Eliot-Hine Middle School?

Eliot-Hine is an International Baccalaureate School rooted in our core values of excellence, responsibility, integrity, and community. Our goal is to develop inquisitive, international-minded learners who think globally and act compassionately. We offer rigorous academic and social-emotional instruction, as well as opportunities to apply this learning in real-world scenarios. In addition to a variety of other extracurricular activities, the Eliot-Hine Network is the only radio broadcast media program run by middle school students in the city.

EXCEL ACADEMY

Grades: PK3-8

"I have been here since PK3, and I love the small class sizes. I love the fact that I get more attention from our teachers and am able to learn faster. Because this school is all girls and mostly female teachers, I feel comfortable talking to my teachers about anything."
- Jade, 4th Grade

"Our school is building a foundation that empowers our daughters academically, socially and emotionally." - Parent

Why Excel Academy?

Excel Academy offers a unique, single-sex educational model for girls in preschool through 8th grade in the District of Columbia. The curriculum focuses on building student achievement in literacy, mathematics, science, technology, world languages, and performing and visual arts, while strengthening the scholars' self-esteem, which empowers them to make positive ethical choices. The school provides a myriad of opportunities to develop the young ladies academically, socially, and emotionally in order to prepare them to be productive competitors in the 21st century.

HART

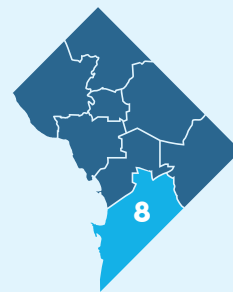

Grades: 6-8

"I'm a member of Hart Middle School's Student Tech Team. It's been an amazing experience! It's also a great way to make new friends. My teammates and I help other students figure out how to do things on their tablets. Last year we went to my old elementary school and showed those students some of the cool ways we use technology at my school. Being on the Tech Team is definitely one of the things I like most about Hart."

- Semaj, 8th Grade

"I want to relay that my son Langston Hughes is thriving at Hart Middle School. I was reluctant but with the help of Ms. Sherry Dailey, I quickly changed my mind. Her dedication and sincere concern to ensuring the best for the kids is so evident. I appreciate how she takes matters into her own hands to make a difference. Ms. Dailey and the staff at Hart are showing up every day and helping our kids show out. I'm in their corner for all of it and they have my full support!"

"My experience at Ida B. Wells has been amazing. The teachers at this incredible school have taught me the tools I need to succeed in life. Seeing what I have become, and my school has become is just breathtaking, from being part of the ribbon cutting ceremony to becoming a published author. Before I came to this school my expectations for myself weren't that high but as soon as I stepped into the school, I knew that this place would change my life, because the amazing staff and teachers believed in each and every student. Our teachers believe we can achieve great things even when we don't feel sure or confident. Thanks to my teachers I have grown from being a shy 5th grader to becoming an amazing writer, reader, and leader." - *Chiagoziem, 8th Grade*

"From the very beginning of the year, our son felt supported and cared for each day during virtual school. Teachers did a good job of ensuring that the work was both challenging and engaging. Time was taken out to build relationships between teachers and students and find out more about them each day. From core classes to enrichment and SEM clusters, Wells staff made sure that our son learned a great deal by the end of the year." - *Parent*

Why Ida B. Wells Middle School?

Ida B. Wells Middle School is a social justice school-wide enrichment model (SEM) school that prioritizes providing a well-balanced, rigorous, and loving learning environment for students while also engaging and developing our students as change agents for our community. Established in 2019, with a founding cohort of 6th grade students, we've grown our school community by a grade each year and now proudly serve all 6th-8th grade students. We partner with families, as our students' first and forever teachers and value relationships as the foundation of our school community. We strive to design experiences and opportunities that are rooted in emerging research about adolescent brain development so that students receive the right amount of support to help them thrive in middle school and beyond.

Why Jefferson Middle School Academy?

Jefferson Academy nurtures the academic, social, and emotional needs of every child through rigorous, interdisciplinary, developmentally appropriate curriculum, and positive, collaborative relationships with all members of our JA family. We provide a learning community that promotes self-motivated, inquisitive Trojans who actively contribute to the intercultural world in which they live. Jefferson has two BHAGs (Big Hairy Audacious Goals) as a school:

1. We will be the highest-achieving middle school in DC for all students!
2. All members of the JA community will love school!

Why John Hayden Johnson Middle School?

John Hayden Johnson Middle School is committed to academic excellence. We believe that our school should provide each student with the opportunity to develop to his or her greatest potential academically, socially, and physically in order to contribute to society. The vision of Johnson is to prepare students for the rapidly changing world through a joyous and rigorous learning environment. We equip them to lead with integrity, advocate for others and persevere through challenges. The school will maintain a strong academic program and provide a safe and supportive culture. The mission of Johnson is to provide rigorous instruction, purposeful relationships and by leveraging community and technology we ensure our students are future ready. Our core values are leadership, integrity, perseverance, and advocacy.

Why Leckie Education Campus?

M.V. Leckie Education Campus is a diverse learning community that provides each student with the opportunity, resources and foundation to reach his or her full potential. We work to nurture and develop well-rounded citizens who enjoy school. Leckie's teachers and staff actively involve parents and the community in supporting student learning and development. Understanding education is the key to our children's success, and our curriculum gives every child the opportunity to accelerate in math, science and humanities.

MACFARLAND MIDDLE SCHOOL
MUSTANGS

MACFARLAND

Grades: 6-8

"I love attending MacFarland because I learn new things that prepare me for the future ahead of me. The teachers and staff here are really nice, understanding, and always willing to help you when you need them. I would recommend MacFarland to other kids because of its amazing staff and the cheerful, welcoming vibe. These reasons make it easy for students to enjoy their school year." - Angie, 7th Grade

"La escuela MacFarland es bella. Con las renovaciones, la escuela es enorme y a mi hija le encanta. Hay muchas oportunidades para ella y estoy alegre de lo que haya para el nuevo año." - Parent

Why MacFarland Middle School?

At MacFarland Middle School our goal is to develop our students' abilities to tackle problems, develop solutions, and learn from mistakes in productive ways that help our students to develop perseverance and 'grit'. We push students to do these things both in the academic and social settings so that they will be prepared for the academic and social challenges that await them in high school and beyond. This is accomplished through rigorous classes as well as our focus on social-emotional interactions via our advisory programs. MacFarland has a dual-language program that helps students to continue their literacy and language in full-time Spanish and English classes. Students have the chance to continue their bilingual education and better prepare to receive the DC Seal of Biliteracy upon graduation from high school. Furthermore, our school-wide Global Studies focus pushes students to develop understanding and empathy for other nationalities, belief systems, and cultures around the world.

MCKINLEY

Grades: 6-8

"McKinley Middle is a good school for students who want to learn, have fun, and challenge themselves. Engineering is a fun class because you get to build things - in my class I just built a robot! We not only learn while doing and creating, we also have stellar behavior! You can earn gator gold points and purchase items in the school store once a month like candy, earphones, doughnuts, gift cards, and a lot more! Students also get rewarded by the staff and administration with opportunities to attend field trips, PBIS activities (which are free time events), and clubs. These are the reasons I love the school and there are plenty more. This is a great school, and I'm hoping you are considering McKinley Middle School." - Amari, McKinley Alumna

"As a parent of a rising 8th-grade scholar at McKinley Middle School, I am happy to say that I really appreciate the STEM program and how they use technology with an intentional purpose. Especially how the project-based learning method gives students content and skills that they can actively apply in future life events and situations. The teachers enhance student learning by encouraging critical thinking, problem solving, team-work, and self-management. Scholars are driven to make their own decisions, perform their own research, and review their projects giving them opportunity to improve their public speaking and presentation skills. I am pleased that the STEM program at McKinley Middle School facilitates student development both intellectually as well as emotionally." - Parent

Why McKinley Middle School?

The vision of McKinley Middle School is to foster a caring and intellectually stimulating Science, Technology, Engineering, Mathematics (STEM) environment where scholars are prepared to become lifelong learners understanding that discipline, intellectual curiosity, self-advocacy, empathy, and leadership are pillars of success and advancement. Our mission is that we believe a high-quality educational experience, in which the academic, physical, social, and emotional needs of students are met, is key to creating lifelong learners and productive members of society. The staff of McKinley Middle School is committed to ensuring that all students, as they work toward positive and rewarding goals, will be provided the necessary supports to succeed in this rigorous STEM-focused learning environment. Our school motto is "Student Centered and STEM Focused" and our theme is "Together We Can! Together We Will!"

"I like that you get a chance to be who you want to be at Oyster-Adams."
- Student, 6th Grade

"I am grateful that OA dual language immersion continues through 8th grade. And its small size has eased our transition into the unknowns of teen-hood." - Parent

Why Oyster-Adams Bilingual School?

As a highly effective, dual language school for over 50 years, we believe that all children are born and wired with the curiosity and ability to learn multiple languages. At Oyster-Adams we believe that ALL students regardless of race, class, gender or circumstance can achieve bilingually at high levels. The main mission of our school is to foster confident students who are bilingual and bi-literate in at least two languages. Moreover, we want to help them know themselves and become globally aware people who know what they want to achieve. We want students to be able to explain how they will use languages to achieve change in their world. All OA students strive to live our community actions daily: Act with Integrity, Live Graciously, Lead by Example, Think Globally. We are one of the most diverse schools in the city, and with that comes opportunities and challenges. We work hard, and smart, and raise the level of expectations every day!

SCHOOL WITHOUT WALLS @ FRANCIS-STEVENSON

Grades: PK3-8

"We love attending SWWFS because it feels like home. It has opened many doors for us in DCPS and the local community." *Niara and Kiara, 8th Grade*

"The SWW@FS Middle School Administration Team and Teaching Staff are beyond incredible! They're constantly challenging my child to push herself further and achieve the goals she sets. The team is encouraging and extremely helpful in guiding the students on their transition from childhood to adolescence. The curriculum, coupled with extended learning outside of the classroom, create well-rounded global citizens. The tireless dedication, warmth, and personal attention that each staff member puts in to the students' academic success make the entire MS experience enjoyable! I'm confident that the lessons and positive experiences my child has at SWW@FS MS will propel her into the future." - *Parent*

Why School Without Walls @ Francis-Stevens?

School Without Walls @ Francis-Stevens believes "Everyone is a Learner, and Every Experience is a Learning Opportunity." Parents are welcome participants/partners in their children's education. Our middle school program is strategically designed to provide students with multiple learning experiences geared toward supporting the academic and social-emotional development of each scholar. Students benefit from amazing programs such as the Embassy Adoption Program, G.W. Street Law, DC Global Education, Kennedy Center resident artists, and Washington Performing Arts, both in our classrooms and off campus. We are fortunate to be one of the only schools in the district to serve students across all eight Wards, creating a true sense of diversity amongst our school population between, race, culture, gender and class.

SOUSA

Grades: 6-8

"I left a private school in DC to join DC Public Schools as a Sousa Cobra. I wasn't sure what that meant at first, to be a Cobra, but it didn't take long to realize that Sousa is a place for me to become successful and on the honor roll, as well as an empowered young black girl where I have the space to explore my talents and my voice." - Jade, 8th Grade

"I love the family environment at Sousa. I have many connections with teachers and administrators at Sousa, and know that I can call them at anytime with questions or concerns. My child and I feel very supported at all times academically, socially and emotionally. I also love the different clubs and athletic activities that my child can participate in." - Parent

Why Sousa Middle School?

At John Philip Sousa Middle School, excellence is the standard! Our goal is to help our students become change agents in their communities and the world at large. We set extremely high expectations for our students and utilize technology to enrich our strong academic programs. We offer a variety of classes that push students to become productive citizens, and leaders in the quest for social justice. Additionally, we provide resources that promote social growth and character development. Through critical thinking, inquiry, creativity and appreciation of the arts, Sousa Scholars are able to connect to themselves, each other, all cultures, and the beauty of the world. The arts, including dance/ movement, theater/ drama, music, and visual arts are integrated into the curriculum of all grades and classes.

"At Stuart-Hobson, we are always participating in fun and interesting activities that broaden how I think about the world. I frequently get a chance to try new and interesting things. For example, I've spent time after school learning how to cook, and I also had a chance to dance in our production of the *Lion King*. Our classes are challenging, but also interesting. There is never a dull moment, and even when it gets difficult, our teachers go above and beyond to assist us. It feels like everyone here wants to see us succeed." -Tori, Stuart-Hobson Alumna

"Stuart-Hobson is a safe and supportive place where my child can thrive and shine while growing and learning to be a contributing citizen in an ever-changing world." - Parent

Why Stuart-Hobson Middle School?

Stuart-Hobson Middle School supports and challenges students to achieve their personal best while guiding them to form a strong sense of belonging within the school community. Wide-ranging and robust opportunities to participate in academic support and accelerated coursework, diverse arts and elective programming, and rich extra-curricular opportunities combine to create a joyful and engaging middle school experience for every student. We let our core values of P.R.I.D.E. (Positivity, Respect, Integrity, Dedication, and Excellence) guide us so that our students develop the academic, artistic, and athletic skills to make them leaders and outstanding achievers during and after middle school.

"My experiences and the things I learned here at Walker-Jones can be applied anywhere. The teachers are helping to prepare us for, as they say all the time, 'the real world'. Mentally, I am prepared for the real world as long as I apply myself and what I've learned to something every day. Socially, I am prepared to understand other people, because we learn how to respect both ourselves and others. Emotionally, I am prepared because I'm learning to embrace different emotions through communication. I feel equipped, as I learn something new every day at my school." - Kanniyah, 8th Grade

"This school has been so supportive. So much so, that I transferred all my other kids to Walker-Jones! We love this school!" - Parent

Why Walker-Jones Education Campus?

At Walker-Jones, reading is everything. We are a strong literacy-based education campus that is committed to creating young readers and challenging students at every level. We are supported by Literacy Lab and a host of community partners. We BELIEVE that all children should have an equal opportunity to thrive and we are fully committed to working with the entire Walker-Jones community to make this a reality.
