

SY23-24 Phelps Architecture, Construction, and Engineering High School Admissions Process Rubric

For Grades 9-11

About the Phelps ACE High School Admissions Criteria: At Phelps ACE High School, we are looking for scholars who are problem-solvers, have interest in our Career Technical Education program, and who are willing to work through challenges to find solutions. We find the most successful applicants are those who put in effort in their classes, even if their grades or scores are not perfect.

About the Phelps ACE High School Admissions Process: At Phelps ACE High School, our admissions process includes an essay, an interview, and two recommendations submitted through the My School DC application. We consider each admissions component for every candidate, and all applications are rated on a rubric. No single admissions component will be the sole determinant of eligibility. All students must complete an interview to be considered for admission.

Each component is scored and weighted according to the chart below. Typically, all students who score a 15 or higher on the rubric will be eligible, though this minimum score may be adjusted lower annually based on a holistic review of each applicant. All applicants scoring above the minimum score are eligible, and applicants are ranked in order according to their cumulative rubric score

Admissions Component	Weight	Notes
Academic Criteria Review (includes GPA and Attendance)	50% (12/30 points)	<p>Phelps ACE High School reviews grades (GPA) and attendance as part of the academic criteria review. There is no minimum GPA or attendance rate required, but a report card must be submitted.</p> <p>Typically, students who are successful in our program have a 2.5 GPA or higher and 90% or higher in-seat attendance, though we have many students that entered with lower GPAs have been able to find success with the right support and strategies.</p>

DISTRICT OF COLUMBIA
PUBLIC SCHOOLS

Interview	50% (12/30 points)	<p>Phelps ACE High School believes strongly in identifying students with an interest in our programs and a willingness to solve problems. We want to get to know our future students and the interview is a helpful way to do this.</p> <p>We request that students participate in the interview along with a family member (parent, legal guardian, or other close family member) or other important figure (coach, counselor, or mentor) who regularly supports them.</p> <p>Based on health guidance and family circumstances, interviews may be conducted virtually for SY23-24 on an as needed basis and based on the circumstance</p>
