SCHOOL YEAR 2025-2026 FAMILY GUIDE TO DCPS MIDDLE SCHOOLS

# ABOUT THIS GUIDE

---

## What is this guide?

Use this guide as a tool to learn about DCPS middle grade schools, the amazing programs offered, and how your student can enroll.

## How do I use this guide?

**Find** Find your neighborhood school at [enrolldcps.dc.gov/node/41](https://enrolldcps.dc.gov/node/41).

---

**Learn** Determine schools that are a great match for your student. DCPS middle schools offer exciting programs such as Dual Language, STEM, and more!

---

**Visit** Many schools offer open houses. Check them out at [enrolldcps.dc.gov/node/16](https://enrolldcps.dc.gov/node/16).

---

**Apply** Some schools require an application. Learn more about the My School DC lottery application at [www.myschooldc.org](https://www.myschooldc.org).

---

**Read** Read the DCPS Enrollment and Lottery Handbook to learn about policies and procedures, and for answers to commonly asked enrollment questions at [enrolldcps.dc.gov/node/66](https://enrolldcps.dc.gov/node/66).

---

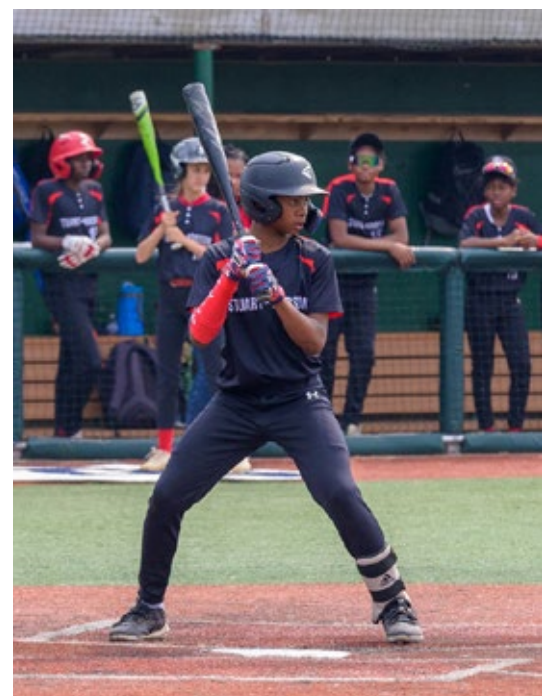

**Enroll** Enrollment typically begins in April of each year. Visit [EnrollDCPS.dc.gov](https://EnrollDCPS.dc.gov) for more information.

---

## My School DC Lottery

My School DC, in partnership with DCPS and the majority of DC public charter schools, makes it easier for students and families to apply to their public school options. Families use the My School DC application to apply to PK3 and PK4 programs at any public school (DCPS or charter), to out-of-boundary and citywide DCPS schools (PK3-Grade 12), to DCPS selective high schools and programs (Grades 9-12), and to participating public charter schools (PK3-Grade 12). Placement for new students at participating schools is determined by a single, random lottery. My School DC is a program of the Office of the State Superintendent of Education (OSSE).

**To learn more about the lottery process, visit: [www.myschooldc.org](https://www.myschooldc.org)**

# KEY WORDS

**Citywide School:** A school that does not have a designated boundary and therefore cannot be claimed as an in-boundary school. Citywide schools can only be accessed through the lottery and do not provide guaranteed enrollment to any student/family. Students from across the District of Columbia must submit a My School DC lottery application to attend a citywide school. Students are not eligible to receive proximity preference at citywide schools. Capitol Hill Montessori, Excel Academy, and Leckie Education Campus (grades 6-8 only) are the only citywide schools with middle grades.

**Destination School (Feeder Pattern School):** A school that a student has the right to attend based on completion of the terminal grade of a student's current school. This assignment only happens during the years a student moves from elementary to middle school, or from middle school to high school, or from an education campus to high school.

**In-Boundary School (Neighborhood or Zoned School):** A school that a student has the right to attend based on a student's home address. To identify your student's in-boundary school, visit [enrolldcps.dc.gov/node/41](https://enrolldcps.dc.gov/node/41).

**My School DC Application:** An online application that families must use to apply for all DCPS preschool (PK3) and prekindergarten (PK4) programs, including at their DCPS in-boundary school; DCPS out-of-boundary schools (PK3-12); DCPS dual language strand programs at any DCPS school (PK3-5); DCPS citywide schools (PK3-12); and DCPS selective high schools and programs (9-12).

**My School DC Lottery:** A single, random lottery that determines placement for new students at all participating My School DC lottery schools.

**NAF College & Career Academy:** A DCPS career education program that includes a strong student and teacher support structure, college and industry partnerships, career-focused internships, and rigorous curricula that culminates in industry-recognized certifications.

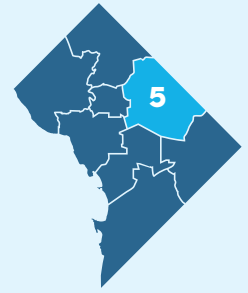

**Out-of-Boundary School:** A school other than a student's in-boundary school.

"I know I'm prepared for high school because of the support I receive from the school staff. I know if I need extra work, I can go to my teachers. I know once I go to high school I can always come back and talk to my old teachers." - *Alyssa, Brookland Alumna*

"Brookland Middle School is engaging to students, visitors and staff. Their diverse curriculum, opportunities and school activities on and off campus vicariously challenges and enriches students beyond their comfort zone. The grade leaders, teachers and admin staff listen to students and parents, are adept in their charge and serve as a catalyst in carrying out the school's mission of creating and encouraging students to be wise, honest, inquisitive, self-confident, self-directed, responsible, focused and well-rounded while preparing students for life and lifelong learning. The principal, faculty and students encourage school and individual pride. Students are simply asked to do their best. The security officers perform their duties in a responsible, firm and respectful manner." - *Parent*

## Why Brookland Middle School?

Brookland Middle School is an arts integration school which strives to create a school climate that is academically rigorous, positive, respectful, and inspires scholars to become lifelong learners who impact society. We believe in creating an environment that is welcoming for all students, parents, and partners. Brookland students are exposed to an array of course offerings which include Visual Art, Music, Spanish, and Accelerated Math with a strong emphasis on Common Core instruction. Brookland's brand new state-of-the-art facility houses a rooftop outdoor learning classroom and a performing arts auditorium. We are confident that all students will have an equal opportunity to thrive academically, socially, and behaviorally.

“One thing I like about Browne is the fact that they have so much technology and stuff that you can use. The teachers are good and there’s a lot of sports, like basketball to play.” - Paul, 3rd Grade

“I feel comfortable when I come into Browne because there’s always someone standing in front saying ‘good morning’ to you; this makes me feel good. You may be feeling sad, but when you come in and they say hi, it lifts your spirits.” - Parent

## Why Browne Education Campus?

At Browne Education Campus, educators develop rigorous, student-centered lessons aligned to the Common Core State Standards to better prepare students for success in college and future careers. We challenge ourselves, our students, our parents, and our surrounding community to become caring, educated risk-takers who inquire and take action to create a better world. We work to accomplish this by ensuring purposeful teaching and learning by every staff member, while maintaining high expectations for all learners in a stimulating and secure learning environment. Browne Education Campus has a long history of serving families in Ward 5. Here at Browne, we pride ourselves on being a Community School. Our families know that no matter the need, we are here to support. Why is this important to us? We put our students at the forefront of every decision that is made. When our households are supported, it allows our students to thrive. We understand the needs of our community and we work tirelessly as a school to live up to our name as the “The Pride of Education Hill”.

"I really enjoy science because we get to do experiments. Recently, we took the DNA from a strawberry. We learned about DNA through note-taking and experimentation." - *Destiny, 8th Grade*

"I feel that CHM is such a special community because it is a school that cares about the individual child. The principal is invested in ensuring that all of the students are exposed to a quality education on a daily basis. She has been intentional about connecting with my children and as a result, they admire and respect her." - *Parent*

## Why Capitol Hill Montessori School @ Logan?

Capitol Hill Montessori @ Logan provides a stimulating learning environment where students are able to develop their critical thinking and problem-solving abilities through rigorous instruction and project-based learning aligned to their interests in math, foreign languages, art, ELA, social studies and science. Students are afforded the opportunity to participate in external learning opportunities to further extend their knowledge through museum studies, theater arts, STEM and foreign travel. Our middle school students receive individualized academic, social and emotional support with the aim of each student achieving their personalized goals.

# CARDOZO

Grades: 7-12

"Students love this school because we have City Year, NSBE Jr. and great extracurricular activities. We also have the NAF TransSTEM Academy with Transportation as well as Science, Technology, Engineering, and Mathematics (STEM), Academy of Engineering (AOE) and an Academy of Information Technology (AOIT) programs. Other students should consider this school because it is a middle and high school, and it has an International Academy program. Our building is also awesome with a swimming pool, track, and field." - Franklin, 7th Grade

"I love and choose Cardozo EC for my child because of what Cardozo has to offer. What most people don't know is that they have a well-established NAF TransSTEM Academy program. He wants to study engineering, and I have come to find out that the NAF TransSTEM academy has been in place well over 20 years. The programming and course load it offers you only see mostly at application high schools. My son's grades needed a little help and did not afford him the chance to get accepted into an application school. Cardozo is a FREE PUBLIC SCHOOL that offers the same if not more. Plus the school is staffed and equipped to help him reach his full potential. As parents, we want the best for our children, and I feel that Cardozo is the best and meets my expectations! Cardozo is DC's best kept secret! Now it's time to let the secret out of the bag!" - Parent

## Why Cardozo Education Campus?

As an education campus, Cardozo has the unique benefit of nurturing the development of adolescents and pre-teens as they enter 6th grade all the way into adulthood as graduating seniors. Thanks to the collaborative efforts of educators, parents and the surrounding community to create an atmosphere that engenders academic excellence through exceptional teaching and learning, Cardozo students enter a diverse global community with the skills necessary to excel and succeed. This is possible because of the examples and values that all Cardozo staff model for our students - Teamwork, Work Ethic, Integrity, Respect and Leadership.

**Note: Beginning in SY25-26 Cardozo will begin to phase out middle school grades starting with 6th grade.**

# CHEC CHEC MIDDLE SCHOOL

Grades: 6-12

"Lincoln has helped me build my reading level as well as helped me learn another language all while increasing my self esteem and confidence. I am grateful for the support and sense of belonging that I feel on a daily basis. I am enjoying many of the programs the school offers and they ensure I always have what I need to be successful." – Jackson, 6th Grade

"Lincoln and CHEC care about students and their families. Teachers are always contacting us about my daughter's progress, school events and other important things. They also provide a lot of opportunities for parents to come and attend school events. My daughter is also in the middle school band and my family gets to attend her concerts at the Kennedy Center and other places. We are extremely happy to be at CHEC." – Parent

## Why CHEC Middle School?

Lincoln Multicultural Middle School @ CHEC is a unique, globally-themed, 6- 8 dual language campus that blends rigorous instruction with personalized education, driven by technology, bilingualism and social justice. All students in middle school have their own tablets and/or laptops. On a daily basis, Lincoln MS students get to apply technology, research, and real-life experiences in their curriculum, which enables them to prepare for high school and college.

Lincoln MS also has Spanish Language Arts and English teacher collaborating time to further enhance the students' experience in being a language learner. Regardless of a student's English or Spanish language proficiency levels, their ELA and SLA class collaboration model will ensure students are bilingual by the end of their 8th grade year.

In 2019, Lincoln Multicultural School @ CHEC received a 4 Stars Rating. Only 30 DCPS Schools got 4+ Stars. Our Growth to Proficiency in both Math and ELA was amongst the highest in the District and the daily attendance rate is 23% above the District average.

## What great courses can I take?

- Art
- Band
- Bilingual Language Arts (English Language Arts & Spanish Language Arts combined)
- Cosmetology Class (8th Grade only)
- Dance
- Digital Art
- Dual Language Science
- Dual Language Social Studies
- Intervention courses: (Spanish Language, Reading, Math, English Language)
- Italian
- Japanese
- JROTC (8th Grade only)
- Math (Grade 6, Grade 7, Algebra for all)
- Orchestra
- Performing Art/Drama
- Personalized Learning Time (Advisory/Mentoring)
- Physical Education/Health
- Video Production
- Vocal Music/Choir

**\*Note:** High school credits can be earned in MS to ensure students can be able to take college and AP courses once they enter into HS.

## What programs will help me find my passion?

- 1:1 technology (Laptop or Tablet) per student
- Acceleration Academy
- Career Days with Subject Experts from the Region
- Extended Day
- International Travel Opportunity
- Junior JROTC
- Middle School Student Government
- PBIS Related Regular Recreational and Educational Field Trips and In-House Field Days, Dances, Ice-Cream Social, and more
- Peer Mentoring Programs as part of Restorative Justice
- Personal Teacher Mentor
- Saturday Academy
- Special Wednesday Club Days
- STEM Challenges

## What extracurricular activities can I join?

- Baseball
- Basketball
- Book Club
- Boys and Girls Soccer
- Boys & Girls Track & Field
- Coding
- DC SCORES
- Drama
- Dual-Language Programs
- Extended Day
- Football
- Girls Lacrosse
- Softball
- Videogaming
- Volleyball
- Weight Training
- Wrestling
- Yoga

**\*Note:** Columbia Heights Education Campus also offers grades 9-12. CHEC high school is a selective school. However all 8th graders who successfully complete the school year are automatically guaranteed a seat into the CHEC high school's 9th grade.

# DEAL

Grades: 6-8

“From the moment you walk through the doors at Alice Deal Middle School, you are greeted by countless smiling students, teachers, and other faculty. If you attend Deal, you will find so many people who will support you and be willing to help you with whatever you need. Deal invites you to explore a range of different subjects and activities. Anyone can start a club at Deal, and anyone can join pre-existing clubs where students can meet classmates with similar interests. The best thing about Deal is the community of students. We also all try to embody our International Baccalaureate character traits: knowledgeable, inquirers, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective. Overall, Alice Deal is an amazing school with limitless opportunities.” - *Olivia, Deal Alumna*

“Alice Deal Middle School is one of the most diverse schools in Washington, DC and that is what makes it so great. But it’s not just diversity in demographics. Deal’s IB curriculum encourages independent thinking and academic exploration at every level of achievement. Deal’s excellent teaching staff motivates students to not only succeed academically, but also helps them understand how to manage their time and pick up learning habits that will serve them well throughout their lives...” - *Parent*

## Why Alice Deal Middle School?

Deal Middle School offers what is best about a large middle school without losing the intimate feel of a smaller school community. With more than 1,400 students and 150 staff, Deal offers a wide variety of athletic teams and extracurricular opportunities. There is quite literally something for everyone at Deal, from robotics to drama, scrabble to wrestling. Every student is on a grade-level team of fewer than 100 students with an interdisciplinary group of teachers who work together to build community among students, along with their grade-level support team (made up of an assistant principal, social worker, counselor, and dean). All Deal students engage in the International Baccalaureate Middle Years Program, ensuring students receive a rigorous academic experience while building their capacity to be independent thinkers and global citizens. Our students, staff and families all embrace the mantra of “Here we Grow!”

"I like Eliot-Hine because I've been able to make new friends and experience new clubs and sports, activities, and programs that push me outside my comfort zone. My favorite class is Science and my favorite activity has been running on the track team." - *Soleil, 8th Grade*

"Attending our neighborhood school, Eliot-Hine, has offered a supportive, convenient, and community-centered experience for my kids. I absolutely love that they have thrived and are thriving in middle school. Eliot-Hine offers challenging academics, clubs, band, sports, broadcasting and more. To have the ability to build in the community you live in is priceless. Our kids get to build relationships with students who live nearby, teachers and their extended families. And the parental involvement and awesome staff is the icing on the cake." - *Parent*

## Why Eliot-Hine Middle School?

Eliot-Hine is an International Baccalaureate School rooted in our core values of excellence, responsibility, integrity, and community. Our goal is to develop inquisitive, international-minded learners who think globally and act compassionately. We offer rigorous academic and social-emotional instruction, as well as opportunities to apply this learning in real-world scenarios. In addition to a variety of other extracurricular activities, the Eliot-Hine Network is the only broadcast media program run by middle school students in the city. We are a Leader in Me school where all students develop their leadership skills. We prioritize initiatives proposed and led by students.

# EXCEL ACADEMY

Grades: PK3-8

"I have been here since PK3, and I love the small class sizes. I love the fact that I get more attention from our teachers and am able to learn faster. Because this school is all girls and mostly female teachers, I feel comfortable talking to my teachers about anything." - Jade, 4th Grade

"Our school is building a foundation that empowers our daughters academically, socially and emotionally." - Parent

## Why Excel Academy?

Excel Academy offers a unique, single-sex educational model for girls in preschool through 8th grade in the District of Columbia. The curriculum focuses on building student achievement in literacy, mathematics, science, technology, world languages, and performing and visual arts, while strengthening the scholars' self-esteem, which empowers them to make positive ethical choices. The school provides a myriad of opportunities to develop the young ladies academically, socially, and emotionally in order to prepare them to be productive competitors in the 21st century.

# HART

Grades: 6-8

"I'm a member of Hart Middle School's Student Tech Team. It's been an amazing experience! It's also a great way to make new friends. My teammates and I help other students figure out how to do things on their tablets. Last year we went to my old elementary school and showed those students some of the cool ways we use technology at my school. Being on the Tech Team is definitely one of the things I like most about Hart." - *Semaj, 8th Grade*

"I want to relay that my son Langston is thriving at Hart Middle School. I was reluctant but with the help of Ms. Sherry Dailey, I quickly changed my mind. Her dedication and sincere concern to ensuring the best for the kids is so evident. I appreciate how she takes matters into her own hands to make a difference. Ms. Dailey and the staff at Hart are showing up every day and helping our kids show out. I'm in their corner for all of it and they have my full support!" - *Parent*

# IDA B. WELLS

Grades: 6-8

"My experience at Ida B. Wells has been amazing. The teachers at this incredible school have taught me the tools I need to succeed in life. Seeing what I have become, and my school has become is just breathtaking, from being part of the ribbon cutting ceremony to becoming a published author. Before I came to this school, my expectations for myself weren't that high but as soon as I stepped into the school, I knew that this place would change my life, because the amazing staff and teachers believed in each and every student. Our teachers believe we can achieve great things even when we don't feel sure or confident. Thanks to my teachers, I have grown from being a shy 5th grader to becoming an amazing writer, reader, and leader."

- Chiagoziem, 8th Grade

"From the very beginning of the year, our son felt supported and cared for each day during virtual school. Teachers did a good job of ensuring that the work was both challenging and engaging. Time was taken out to build relationships between teachers and students and find out more about them each day. From core classes to enrichment and SEM clusters, Wells staff made sure that our son learned a great deal by the end of the year." - Parent

## Why Ida B. Wells Middle School?

Ida B. Wells Middle School is a social justice school-wide enrichment model (SEM) school that prioritizes providing a well-balanced, rigorous, and loving learning environment for students while also engaging and developing our students as change agents for our community. Established in 2019, with a founding cohort of 6th grade students, we've grown our school community by a grade each year and now proudly serve all 6th-8th grade students. We partner with families, as our students' first and forever teachers and value relationships as the foundation of our school community. We strive to design experiences and opportunities that are rooted in emerging research about adolescent brain development so that students receive the right amount of support to help them thrive in middle school and beyond.

# JEFFERSON

Grades: 6-8

"I like how at Jefferson I am academically challenged and engaged in rigorous academic activities and extracurriculars that help me as a scholar grow and develop new skills. I also like how the teachers and adult staff look and care after the students and address issues and conflicts appropriately, as well as resolve them. Lastly, I like how the community is and how kind and welcoming it can be. The school experience I've had this past year was great and I enjoyed my first year at Jefferson." - Zori, 7th Grade

"When selecting a middle school for my daughter the only option I would consider was Jefferson Middle School Academy. Middle school is not just about learning academic skills; it's about learning social skills as well. Jefferson has been generational and personal to our family. We knew she would be challenged and empowered academically, athletically and socially.

The experience that cascades from leadership, teachers, to parents all the way down to students is efficient. Jefferson's network provides a collaborative community and opportunities for engagement. Jefferson Academy was our first, top and only choice." - Parent

## Why Jefferson Middle School Academy?

Jefferson Academy nurtures the academic, social, and emotional needs of every child through rigorous, interdisciplinary, developmentally appropriate curriculum, and positive, collaborative relationships with all members of our JA family. We provide a learning community that promotes self-motivated, inquisitive Trojans who actively contribute to the intercultural world in which they live. Jefferson has two BHAGs (Big Hairy Audacious Goals) as a school:

1. We will be the highest-achieving middle school in DC for all students!
2. All members of the JA community will love school!

# JOHNSON

Grades: 6-8

"I love attending Johnson because all of the teachers focus on academic and social success. I also like that we have data talks every two weeks based around our academic progress. My teachers are supportive and always make me feel loved." - Rodney, 8th Grade

"Johnson Middle is a great school for my children. The administration and staff supports the students and have a genuine interest in their success." - Parent

## Why John Hayden Johnson Middle School?

John Hayden Johnson Middle School is committed to academic excellence. We believe that our school should provide each student with the opportunity to develop to his or her greatest potential academically, socially, and physically in order to contribute to society. The vision of Johnson is to prepare students for the rapidly changing world through a joyous and rigorous learning environment. We equip them to lead with integrity, advocate for others and persevere through challenges. The school will maintain a strong academic program and provide a safe and supportive culture. The mission of Johnson is to provide rigorous instruction, purposeful relationships and by leveraging community and technology we ensure our students are future ready. Our core values are leadership, integrity, perseverance, and advocacy.

"We love attending SWWFS because it feels like home. It has opened many doors for us in DCPS and the local community." - Niara and Kiara, 8th Grade

"The SWW@FS Middle School Administration Team and Teaching Staff are beyond incredible! They're constantly challenging my child to push herself further and achieve the goals she sets. The team is encouraging and extremely helpful in guiding the students on their transition from childhood to adolescence. The curriculum, coupled with extended learning outside of the classroom, create well-rounded global citizens. The tireless dedication, warmth, and personal attention that each staff member puts in to the students' academic success make the entire MS experience enjoyable! I'm confident that the lessons and positive experiences my child has at SWW@FS MS will propel her into the future." - Parent

## Why John Francis Education Campus?

John R. Francis Education Campus (formerly SWW@Francis Stevens) is one of the largest and most diverse education campuses in the city. We serve students and families across all eight wards of the district, embassy and military families. We believe that "everyone is a learner, and every experience is a learning opportunity." Our strong partnerships with parents and the HSA builds the support, encouragement and consistency required for successful scholars. Our programs are strategically designed to provide students with a variety of learning experiences that support their academic and social-emotional development, both in the classroom and through off-campus educational opportunities.

# KRAMER

Grades: 6-8

"I enjoy being a student at Kramer because of the countless opportunities to show how smart I can be in the classroom and the many field trips we go on like college tours, ski trips, museums, and plays. The field trips are fun and relaxing. They help me to experience new things and joy."  
- Owen, Kramer Alumnus

"The reason I love Kramer is because the school uses multiple resources to make sure the scholars have what they need to be successful in and out of school. It's a place where your scholar can rise to the next level. For instance, your scholar can study abroad and attend Georgetown University's pre-college program all in one summer." - Parent

## Why Kramer Middle School?

Our mission is to ensure that all students have access to relevant and rigorous content in each class, which builds their ability to demonstrate mastery of the Common Core College and Career Readiness Standards. Kramer Middle School is a model middle school that utilizes innovative research and technology based instructional strategies with the tenets of Social Emotional Learning (SEL) to build a learning community in which students feel loved, challenged, and prepared to succeed in high school and beyond.

# LECKIE

Grades (Neighborhood): PK3-8

Grades (Citywide): 6-8

"I like Leckie because I know all the kids and teachers and they know me and my family. I know if I have a problem there's someone I can talk to who cares about what I'm going through. I like that Leckie has so many clubs, sports, and field trips. I get to have a lot of fun and learn a lot too. I will come back to visit Leckie after I leave." - Taylor, 8th Grade

"Leckie is a great place to be a middle schooler. The staff are kind and personable. I went to Leckie and now my kids get to have the same experience. I love how safe and supportive the community is. If I have a problem I know it will be addressed right away. Leckie gives my kids a small school experience with individual attention that helps them grow and thrive. I like that they offer before and aftercare programming for my middle schooler and find ways to engage students in extracurriculars that help them discover their passions and prepare for high school. I have a Pre-K and fourth grader too and I love that it's a family school." - Parent

"I love attending MacFarland because I learn new things that prepare me for the future ahead of me. The teachers and staff here are really nice, understanding, and always willing to help you when you need them. I would recommend MacFarland to other kids because of its amazing staff and the cheerful, welcoming vibe. These reasons make it easy for students to enjoy their school year." - Angie, 7th Grade

"La escuela MacFarland es bella. Con las renovaciones, la escuela es enorme y a mi hija le encanta. Hay muchas oportunidades para ella y estoy alegre de lo que haya para el nuevo año." - Parent

## Why MacFarland Middle School?

At MacFarland Middle School our goal is to develop our students' abilities to tackle problems, develop solutions, and learn from mistakes in productive ways that help our students to develop perseverance and 'grit'. We push students to do these things both in the academic and social settings so that they will be prepared for the academic and social challenges that await them in high school and beyond. This is accomplished through rigorous classes as well as our focus on social-emotional interactions via our advisory programs. MacFarland has a dual-language program that helps students to continue their literacy and language in full-time Spanish and English classes. Students have the chance to continue their bilingual education and better prepare to receive the DC Seal of Biliteracy upon graduation from high school. Furthermore, our school-wide Global Studies focus pushes students to develop understanding and empathy for other nationalities, belief systems, and cultures around the world.

"McKinley Middle is a good school for students who want to learn, have fun, and challenge themselves. Engineering is a fun class because you get to build things - in my class I just built a robot! We not only learn while doing and creating, we also have stellar behavior! You can earn gator gold points and purchase items in the school store once a month like candy, earphones, doughnuts, gift cards, and a lot more! Students also get rewarded by the staff and administration with opportunities to attend field trips, PBIS activities (which are free time events), and clubs. These are the reasons I love the school and there are plenty more. This is a great school, and I'm hoping you are considering McKinley Middle School." - Amari, McKinley Alumna

"As a parent of a rising 8th-grade scholar at McKinley Middle School, I am happy to say that I really appreciate the STEM program and how they use technology with an intentional purpose. Especially how the project-based learning method gives students content and skills that they can actively apply in future life events and situations. The teachers enhance student learning by encouraging critical thinking, problem solving, team-work, and self-management. Scholars are driven to make their own decisions, perform their own research, and review their projects giving them opportunity to improve their public speaking and presentation skills. I am pleased that the STEM program at McKinley Middle School facilitates student development both intellectually as well as emotionally." - Parent

## Why McKinley Middle School?

The vision of McKinley Middle School is to foster a caring and intellectually stimulating Science, Technology, Engineering, Mathematics (STEM) environment where scholars are prepared to become lifelong learners understanding that discipline, intellectual curiosity, self-advocacy, empathy, and leadership are pillars of success and advancement. Our mission is that we believe a high-quality educational experience, in which the academic, physical, social, and emotional needs of students are met, is key to creating lifelong learners and productive members of society. The staff of McKinley Middle School is committed to ensuring that all students, as they work toward positive and rewarding goals, will be provided the necessary supports to succeed in this rigorous STEM-focused learning environment. Our school motto is "Student Centered and STEM Focused" and our theme is "Together We Can! Together We Will!"

# OYSTER-ADAMS

Grades: PK4-8

"I like that you get a chance to be who you want to be at Oyster-Adams."  
- Student, 6th Grade

"I've been an OA parent since 2016, and joined the OA staff as a teacher in 2022. I cannot say enough about how much I love this community! It is warm and welcoming, and feels like home for my kids. Children are challenged and encouraged, exposed to new ideas and experiences, and are always growing personally and academically. I am so proud and honored to be a part of Oyster-Adams Bilingual School!" - Parent

## Why Oyster-Adams Bilingual School?

As a highly effective, dual language school for over 50 years, we believe that all children are born and wired with the curiosity and ability to learn multiple languages. At Oyster-Adams we believe that ALL students regardless of race, class, gender or circumstance can achieve bilingually at high levels. The main mission of our school is to foster confident students who are bilingual and bi-literate in at least two languages. Moreover, we want to help them know themselves and become globally aware people who know what they want to achieve. We want students to be able to explain how they will use languages to achieve change in their world. All OA students strive to live our community actions daily: Act with Integrity, Live Graciously, Lead by Example, Think Globally. We are one of the most diverse schools in the city, and with that comes opportunities and challenges. We work hard, and smart, and raise the level of expectations every day!

# SOUSA

Grades: 6-8

"I left a private school in DC to join DC Public Schools as a Sousa Cobra. I wasn't sure what that meant at first, to be a Cobra, but it didn't take long to realize that Sousa is a place for me to become successful and on the honor roll, as well as an empowered young black girl where I have the space to explore my talents and my voice." - Jade, 8th Grade

"I love the family environment at Sousa. I have many connections with teachers and administrators at Sousa, and know that I can call them at anytime with questions or concerns. My child and I feel very supported at all times academically, socially and emotionally. I also love the different clubs and athletic activities that my child can participate in." - Parent

## Why Sousa Middle School?

Sousa Middle School is dedicated to holistic education, where we teach our minds to think critically, our hands to work skillfully, and our hearts to love compassionately. We foster a learning environment that integrates rigorous academics with emotional and social development, ensuring that every student feels valued and included. Our robust health and wellness program supports not only the students but also their caregivers, promoting a community of well-being and resilience. By nurturing both intellect and empathy, Sousa Middle School prepares students for success in all aspects of life.

# STUART-HOBSON

Grades: 6-8

"I love the way teachers at Stuart-Hobson Middle School have the goal to make all students feel welcome and included, and always check to make sure all students understand the learning materials. I loved building friendships and connections with my peers over the course of my three years at Stuart-Hobson." - *Maya, Stuart-Hobson Alumna*

"I am a caregiver of a rising 7th grader at Stuart-Hobson MS, and I am proud to be a part of a strong school community that promotes academic excellence and a welcoming, engaging, and supportive environment to scholars and families. Big shout out to Stuart-Hobson's 6th grade Panther Pride Academy that prepared my incoming 6th grader and supported him throughout last year. Stuart-Hobson has amazing staff and educators that routinely communicate about student progress and offer many opportunities for afterschool support. We love to stay up to date with the weekly newsletter from the principal and to see our leader at the school crosswalk greeting students and families afterschool. We are so pleased with the many amazing activities, clubs, sports and opportunities available to scholars, but we are most excited about the opportunities to foster my child's love and talent for music and the arts through year-round band classes and performances with the outstanding Stuart-Hobson Instrumental Music Program. We are looking forward to kicking-off another awesome year of fun, personal growth, and academic success at Stuart-Hobson!" - *Parent*

## Why Stuart-Hobson Middle School?

Stuart-Hobson Middle School supports and challenges students to achieve their personal best while guiding them to form a strong sense of belonging within the school community. Wide ranging and robust opportunities to participate in academic support and accelerated coursework, diverse arts, and elective programming, rich extra-curricular opportunities combine to create a joyful and engaging middle school experience for every student. We let our core values of P.R.I.D.E. (Positive, Respect, Integrity, Dedication, and Excellence) guide us so that our students develop the academic, artistic, and athletic skills to make them leaders and outstanding achievers during and after middle school.

"My experiences and the things I learned here at Walker-Jones can be applied anywhere. The teachers are helping to prepare us for, as they say all the time, 'the real world'. Mentally, I am prepared for the real world as long as I apply myself and what I've learned to something every day. Socially, I am prepared to understand other people, because we learn how to respect both ourselves and others. Emotionally, I am prepared because I'm learning to embrace different emotions through communication. I feel equipped, as I learn something new every day at my school." - *Kanniyah, 8th Grade*

"This school has been so supportive. So much so, that I transferred all my other kids to Walker-Jones! We love this school!" - *Parent*

## Why Walker-Jones Education Campus?

At Walker-Jones, reading is everything. We are a strong literacy-based education campus that is committed to creating young readers and challenging students at every level. We are supported by Literacy Lab and a host of community partners. We BELIEVE that all children should have an equal opportunity to thrive and we are fully committed to working with the entire Walker-Jones community to make this a reality.
